OFFICE OF THE SECRETARY

MEMORANDUM FOR DISTRIBUTION C

SUBJECT: Immediate HAF Actions for FY13 Sequestration Implementation

Reference: FY13 HAF Near-Term Actions to Handle Budgetary Uncertainty, 18 Jan 2013

We do not expect that sequestration will be averted and as a result, AF top-line reductions will be immediately effective for FY13. While we have accomplished some detailed planning and outlined actions to mitigate the impact of Operations and Maintenance (O&M) reductions, we must now execute those actions, and more, to live within a lower funding level and preserve as much readiness as possible. This memo provides HAF specific guidance in support of and in addition to the attached Air Force-wide guidance.

AF guidance directs planning for the worst case O&M scenario, which assumes no relief to the \$1.8 billion OCO shortfall. As a result, we will issue bogeys as soon as possible; they will include the specific contract and travel reductions listed below. Actions directed in our 18 Jan 13 memo are directed to continue unless superseded below.

- a. Civilian hiring freeze will continue. As outlined in the referenced memo, exceptions for mission critical fills (includes IPA, Schedule C, and HQE hiring) will be considered but must meet an extremely high threshold. Temporary employees should be off HAF books no later than 31 March 2013. In FY13, HAF civilian pay was reduced \$150 million, this dramatically reduces our ability to approve any exemptions. Should an exemption be approved, any job offer must include furlough notification as part of the offer process. Civilian Semior Executive hiring actions will continue to be approved by the Secretary of the Air Force.
- b. **Furlough guidance** is provided in the SAF/US memo dated 20 Feb 2013. HAF will follow the Air Force guidance. The only HAF exemptions are for deployed civilians and those in initial skills training. If there is a new mission requirement that requires an exception, please immediately contact SAF/AA.
- c. **During the furlough period, beginning in mid-April, overtime and compensatory time (premium pay) must be eliminated.** As supervisors, you can mitigate furlough impacts on the mission by controlling leave and absences for all Airmen, military and civilian. AWS, telework and flex-time schedules should be adjusted or cancelled during the furlough in accordance with local bargaining provisions if required. Premium pay is not authorized unless it is part of an employee's normal pay (such as an employee who regularly earns a night shift differential). Beyond that, provide

safety of life or property, but only to the minimum extent needed to protect life or property.

- d. Supervisors will not approve and civilian full-time employees will not work any hours in excess of their normal duty day, not to exceed 32 hours a week for employees who work a traditional schedule or a Compressed Work Schedule (i.e., 5-4-9) or 64 hours per pay period for employees who work a Flexible Work Schedule (*i.e.*, who earn credit hours or work a Maxiflex). Part-time employees will have their furloughs pro-rated iaw 5 CFR 752. Overtime and compensatory time cannot be used to offset the impact of furlough. You may not request the furloughed employee work overtime nor may you ask another civilian who is not furloughed to compensate for the furloughed employee's lost productivity by working overtime.
- e. Supervisors must ensure furloughed civilians DO NOT work from home or onsite, officially or unofficially, on their furlough days. This means that employees are legally prohibited from checking their Blackberries or using their Air Force issued laptops while on furlough. Nor may they serve as an unpaid volunteer. Such actions will result in Anti-Deficiency Act violations for which employees and supervisors will be held responsible and may result in disciplinary actions for both.
- f. It is **ILLEGAL** to transfer inherently governmental work to the contractor workforce. Attachment 3 provides additional guidance.
- g. All temporary duty (TDY) travel spending and limitation will be reduced by 20% from your current target. HAF 2 letters will continue to determine mission criticality. TDY travel must be able to not only pass the "Washington Post" test, but also stand up to the scrutiny of your own civilian Airmen who are facing a 20% pay cut this fiscal year. Some specific guidance is below:
 - a. No spouse travel will be approved at AF expense, except for MAJCOM required pre-command training.
 - b. Travel explicitly approved in the AF message should continue. Travel specifically denied in the AF message will not be supported.
 - c. Travel for change of command/promotion/retirement/award ceremonies or banquets is NOT approved. For wing command promotions where there is not a local General Officer to preside, travel will be approved as an exception.
 - d. Military airlift for all HAF personnel will be very limited.
 - e. Speaker participation in wing/group commander courses should not require travel, but executed by VTC, DCO or other technology. The AF/CV will identify a single 3 star DCS to attend for the course as a HAF mentor.
 - f. Travel to attend AETC hosted technical or follow-on training courses is approved, but attendees must confirm that the course will continue as scheduled. Travel approving officials must consider attendance mission critical for the attendee. See note below on leadership development courses.
- h. All AF-hosted or attendance at Non-Federal Entity (NFE) hosted **conferences**, seminars and symposia are cancelled or deferred to FY14. Local attendance at NFE

091

hosted events must be at no cost to the AF. Previously delegated conference approval authority is rescinded. Request exemptions through the existing conference process for SAF/US approval. Cancellation includes individual speaker travel if at AF expense. Note, all "gifted" travel must be approved by SAF/GC and reported annually.

- a. Exceptions exist for attendance at medical readiness training and annual chaplain ecclestical endorsement events. Attendance under this exception must still be approved through the conference approval process.
- b. Follow MAJCOM guidance for travel to pre-command training events.
- i. All HAF funded (regardless of appropriation) **leadership development courses** are under review for cancellation in FY13 or deferral to FY14. Courses scheduled through April have been cancelled. AF/A1D is reviewing each course and will inform selectees of cancellation or deferral. This specifically includes all AF/DPG/DPS/DPE leadership development courses for GO/SES/0-6/GS-15/CMSgt. TAP for military members is required by law and will continue. All functional training for development purposes, and not legally required for job performance, should be deferred.
- Contract spending must be reduced, particularly advisory and assistance services, j. SETA, and other support or task orders. Each HAF 2 letter contract funding reduction is at attachment 6; this 20% reduction is based on your FY13 spend plan for object classes 25.1 and 25.2; your NDAA section 808 legal limitation will be reduced by 10% so you have some flexibility in determining where to cut. You can apply your reduction to a single contract, descope all your efforts, or not exercise a contract option to meet your stated reduction. Take prudent steps to minimize disruption and added costs (e.g., avoid penalties associated with potential contract cancellations where feasible). AFDW Contracting is aware of our guidance and is ready to work with your COTRs on descoping or cancelling specific efforts. Where you have contracted through other AF units or directly with other Federal Agencies, your organization is responsible for achieving the cost reduction goals. All contracts should include a Limitation on Government Obligation (LOGO) clause which can be exercised. Your FY13 contract changes should be actions designed to cut costs for longer-term cost savings and to plan for reduced O&M funding in FY14 and beyond.
- k. Stop **supply purchases** and minor purchases such as furniture, information technology refresh, and unit equipment. Defer actions until FY14 unless required for health and safety.
 - Check the HAF Supply Depot to obtain supply items and provide items available for use by other AF organizations at <u>https://haf.afncr.af.mil/com/HAF/supplydepot/default.aspx</u>.

- 1. As addressed in our previous guidance memo, review studies to curtail or cancel ongoing and scheduled **studies** that are not congressionally directed or mission critical.
- m. OCO funding has been cut 32%; follow the guidance previously provided.
- n. Air Force has requested weekly updates on the sequestration actions taken or anticipated. SAF/AAR will consolidate all HAF inputs; please provide any inputs to the SAF/AAR workflow box, SAFAAR.Workflow@pentagon.af.mil; additional details on timelines will be provided.

We appreciate your patience as we work through this time of budgetary uncertainty and will keep you informed as additional guidance is issued and/or needed. If you have questions, please contact Ms. Anne Graham, SAF/AAR, 703-692-9516 or Ms. Lydia Newsom, SAF/AAR, 703-695-3148

UNDER SECRETARY OF THE AIR FORCE WASHINGTON

FEB 28 2013

MEMORANDUM FOR ALMAJCOM/CC

SUBJECT: Fiscal Year 2013 (FY13) Sequestration Guidance

On 1 March 2013, we expect to absorb over \$12B in sequestration reductions while we simultaneously work to mitigate an OCO shortfall of approximately \$1.8B and operate under a highly restrictive Continuing Resolution. A reduction of this magnitude would be devastating to our mission and our people, but, since it appears sequestration cannot be avoided, we must take further actions to significantly slow spending to operate within mandated budget limitations. Implementation of these actions should be structured as best possible to minimize short- and long-term harm to our people and our unit readiness, recognizing that major impacts cannot be entirely avoided. This guidance applies to the Total Force.

As a reminder and to assist you in making mission critical determinations, OSD directed protection of the following programs throughout the year:

- Fully protect funding for wartime operations
- Fully protect Wounded Warrior programs
- To the extent feasible, protect programs most closely associated with the new defense strategy
- To the extent feasible, protect family programs

Continuation of Near Term Actions Directed in 14 January 2013 Memorandum

- Conduct a thorough review of all OCO requirements and identify potential reductions which will not impair wartime operations such as delaying asset reconstitution and incrementally funding OCO contracts.
- Civilian hiring restrictions remain in place to include a hiring freeze, immediate elimination of temporary employees and not renewing term hire employees with exceptions for mission-critical activities and when appropriate in terms of personnel timing. See attachment 1 for guidance on Total Force Management.
- Cancel all temporary duties that are not mission-critical, such as attendance at or hosting of conferences and symposia (such as functional conferences), staff assistance visits and training seminars.
- Cancel ongoing and scheduled studies that are not congressionally directed or mission critical. Further Action: SAF/LL and SAF/FMBL will engage with Congress, as appropriate, to seek relief or delay approval for congressionally directed studies.
- Limit supply purchases to essential FY13 consumption (e.g., flying hour bench stock) and stop minor purchases that are not mission-critical such as furniture, and unit equipment.
- Given the current budget uncertainty, the Air Force Chief Information Officer, SAF/CIO A6, further directed immediate actions to minimize IT expenditures to only missioncritical capabilities. Specific actions are outlined in the CIO Policy Directive Memorandum, Subject: Near-Term Guidance on FY13 Information Technology (IT)

Spending dated 15 Feb 13 (attachment 2). The actions are intended to ensure planned mission-critical purchases are aligned and directly support the transition to enterprise-wide IT services to realize long-term cost savings and mission effectiveness.

- Defer all non-emergency Facility Sustainment, Restoration and Modernization (FSRM) projects to include Dormitory and Energy Focus Funds. Installations should continue to work with local contracting offices to gather low bids and provide funds requests to the Air Force Civil Engineer Center (AFCEC). Projects may be funded later in the year if funding becomes available. Emergency requirements should be coordinated with AFCEC using the established process for Emergent Requirements (POC: AF/A4/7C).
- Where practical, de-obligate/incrementally fund contracts to encompass only FY13 activity (examples include but are not limited to base maintenance contracts, advisory and assistance services contracts, custodial contracts, etc.).
- Review contracts for possible descoping or other long term cost savings.

Exceptions for Continued Near Term Actions

Limited exceptions for the continuation of these near-term actions may be made for mission critical activities and civilian positions as determined by appropriate senior officials. Requests for exceptions shall be approved by MAJCOM Vice Commanders, the Deputy Director of the Air National Guard, DRU Commanders, and by SAF/AA for the HAF portfolio. Previous delegation of waiver authority will no longer be permitted effective 1 March 2013.

Additional Actions Required due to Implementation of Sequestration

In the event sequestration occurs, additional, wide-ranging and dramatic actions are required to ensure the Air Force operates within the new FY13 top-line. We direct the immediate implementation of the following actions in the event sequestration is triggered on 1 March 2013.

Civilian Personnel (POC: AF/A1)

Civilian Furloughs:

- Follow the guidance found at attachment 3. Plcase read the attached guidance closely. The authority to approve the <u>very few exceptions</u> to furlough cannot be delegated below the MAJCOM Vice Commanders, the Deputy Director of the Air National Guard (ANG), DRU Commanders, or SAF/AA for the HAF portfolio. ANG will follow guidance provided by NG-J1-TN.
- It is also important to emphasize you may not use premium pay (compensatory or overtime) to offset furloughs, either to make up for lost work or to make up for lost pay. Premium pay is not authorized unless it is part of an employee's normal pay (such as an employee who regularly earns a night shift differential). Beyond that, premium pay is only authorized when it is necessary to provide safety of life or property, but only to the minimum extent needed to protect life or property (i.e., firemen or emergency responders working over their regular shift due to an emergent situation that arises on their shift).
- To reiterate, except in the above circumstances, supervisors will not approve and civilian full-time employees will not work any hours in excess of their normal duty day. Part-time employees will have their furloughs pro-rated IAW 5 CFR 752. You may not request the furloughed employee work overtime nor may you ask another civilian who is

2

3

not furloughed to compensate for the furloughed employee's lost productivity by working overtime.

Civilian Permanent Change of Station (PCS) guidance:

- All centrally-funded "must move" civilian PCSs will continue, to include overseas returnees, CDE placements, SES moves, priority placements, and centrally-funded career broadener, Palace Acquire, & Copper Cap placements.
- Centrally-funded civilian career moves that are discretionary will be significantly reduced as a result of sequestration. A strategic pause is anticipated for these discretionary moves; guidance will be provided by AFPC.
- Locally funded civilian PCSs can be approved at the discretion of the local commander.

Education and Training (POC: AF/A1)

Education and training guidance:

- All HQ AF leadership development courses scheduled through April 2013 will be cancelled with exceptions for courses with non-recoverable tuition. HQ AF/A1 will evaluate subsequent classes on a monthly basis and assess the impact on our Total Force officer, enlisted, and civilian Airmen.
- Third quarter attendance at short-term TDY professional military education (PME), e.g., SOS, CALT, NCO Academies will be reduced. Specific guidance will be provided by AF/A1.
- The AF will support DoD and Joint education and training consistent w/OSD guidance.

The following education and training is considered mission critical and will continue under sequestration:

- Long-term professional military education (military and civilian attendance), all precommand training and CSAF mandated training, initial skills training, pre-deployment expeditionary skill training, and functional skills training as required by law.

Flying Hours (POC: AF/A3/5)

Operational leaders at all levels of command are charged with preserving readiness to the maximum extent possible in these difficult circumstances. Due to compressed planning timelines and the unprecedented nature of sequestration cuts, we remain concerned about unanticipated second and third order effects on flying hour program execution and readiness. To mitigate this risk, operational leaders will ensure coordination across functional lines. In particular, civilian furloughs and weapon systems sustainment cuts (to include simulator sustainment) will significantly impact our ability to effectively execute flying hours or maintain operational competencies and must be taken into account. Readiness impacts will be severe and long-term under the best of scenarios; we must do everything in our power to avoid compounding negative effects through inefficient implementation.

Effective immediately, AF O&M flying hours will be used primarily to prepare for and execute approved named operations, SccDef-ordered missions and deployments, nuclear deterrence operations, POTUS/VPOTUS/CCDR travel, Continuity of Government/Operations, and initial training, to include Formal Training Units. Units preparing for and executing these

missions will be allocated appropriate flying hours to remain mission ready or gain mission ready status prior to deployment.

- Units not preparing for or executing these missions will follow MAJCOM guidance to preserve critical capabilities and readiness to the extent possible. This may result in ceasing operations at a number of units and tiered readiness beginning in March. In many cases, this will result in units having to stand down for prolonged periods, which will severely degrade readiness. For example, we anticipate more than half of our AD CAF units will reach this point by mid-May. MAJCOMs will build reconstitution plans to best posture Airmen for returning to fly in FY14, while ensuring these units maximize training opportunities (e.g. simulators, part task trainers, academics) during the down period.
- Not all SecDef approved missions will be supported. AF/A3/5 will coordinate with MAJCOMs and Joint Staff through Global Force Management processes to provide detailed guidance.

The following flying hour actions are effective immediately upon sequestration (1 March 2013) unless already in execution or otherwise noted:

- To support emphasis on initial qualification training, we recognize advanced flying training (e.g., instructor upgrade, "TX" transition courses) may be severely impacted, to include Weapons Instructor Courses. MAJCOMs retain authority on specific termination dates and may approve waivers/exemptions required to allow completion of training/courses currently in execution or those deemed mission critical.
- Cancel O&M funded USAF exercises and AF flying participation in all other exercises, unless required for deployment spin-up.
- Cancel all air shows, tradeshows, flyovers, orientation flights, heritage flights, and demonstration flights (includes funeral and all military graduation flyovers).
- Cancel all Thunderbird demonstration team events, effective 1 April 2013.
- Cancel all installation open houses unless event includes only local assets and can be supported within available local funding.
- Lead MAJCOMs will continue to manage programs and make flying hour allocations/reductions based on supported missions.
- For senior leader airlift support, the Air Force will continue to support White Housedirected missions and DOD required users (IAW DODD 4500.56). For Congressional travel, the Air Force will strictly adhere to DODD 4515.12 unless waivered by OSD-LA and expects there to be a significant reduction in available aircraft. All other senior leader military airlift support will continue to adhere to existing processes in AFI 24-101, but on a very restricted basis and with reduced aircraft available.
- AF/CV is waiver/exception-to-policy authority for events listed above. Only missioncritical events will be approved. Approvals will not result in increased flying hour allocation from the Air Staff; funding must be sourced from MAJCOM/Lead MAJCOM flying hours. Route requests through A3/5, to include event name, date(s), rationale, cost, and number of assets (personnel and aircraft) dedicated to support the event. For public aerial events, route questions through SAF/PA.

Weapon System Sustainment (POC: AF/A4/7)

Utilizing the 24 January 2013 Centralized Asset Management (CAM)/Executive Committee approved briefing data all weapon system sustainment fund holders will begin to execute

5

planned sequestration actions to cover the worst case scenario reductions. Establish regular reporting of workload not accomplished and workload in danger of not getting funded in next report. Workload previously identified for deferral will not be initiated unless an equal dollar value offset is provided from within the relevant fund holder's portfolio. MAJCOMs and the AF Life Cycle Management Center will review war ready engine levels to determine where additional risk can be taken based on flying hour reductions. Program offices will continue to review activities to find potential savings and will continue to report impacts to contracts supporting weapon system sustainment (e.g., Contractor Logistics Support contracts) and depot maintenance workload. Ensure minimum impact to contingency operations efforts and protect the pilot production pipeline in accordance with stated priorities. In addition, sustainment prioritization efforts should protect aircrew readiness capability through favorable consideration of aircrew training device and simulator operations and maintenance contracts. As current mission requirements and warfighter priorities are reassessed, major adjustments to the previously reviewed plan will be vectored through the CAM Governance Structure.

Air Force Working Capital Funds (AFWCF) (POC: SAF/FMBMR)

The AFWCF will experience immediate and severe impacts caused by sequestration. Initial assessments indicate AFWCF 'Blue' cash will be depleted to a negative \$772 million balance by the end of FY2013. Coupled with projected Transportation WCF (TWCF) losses, the overall AFWCF cash balance could drop below negative \$1 billion. Without additional action, this will cause an Anti-Deficiency Act violation, which must be avoided. Cost control measures within the AFWCF are critical to minimize losses; however, we understand that AFWCF activities may not be able to achieve sufficient cost reductions in the near term to off-set cash losses of this magnitude. With that in mind, we direct AFMC to take immediate actions to help mitigate the expected negative cash balance. Additionally, we direct AFMC to identify the month in which negative AFWCF 'Blue' cash and/or negative available budgetary resources will occur and to project the 'cash surcharge' required to prevent losses in total and by month. We will request that TRANSCOM also work to reduce costs and provide maximum possible insight into its cash position. SAF/FMB and AF/A4/7 will collaborate with AFMC and TRANSCOM to engage USD(C). OMB and the Congress in an effort to secure support for required mitigating actions to address any remaining shortfall in AFWCF. External support needed to prevent ADA violation may include restoral of readiness accounts, implementation of cash surcharges, and/or reprogramming funds from investment appropriations.

Investment Accounts (POCs: SAF/AQ, SAF/FMBI)

SAF/AQ and SAF/FM will issue funding restrictions at the appropriation level and program ceiling level that assume worst case impacts as a result of combined continuing resolution and sequestration effects. This could have the impact of an across the board reduction of 10% to every program against the planned FY13 funding levels. Our ability to smooth programmatic impacts will be entirely dependent on the degree of funding flexibility we get with associated continuing resolution or appropriation language. As a result, we must have visibility of continuing resolution less sequestration reduction baselines at the program level and any proposed movement of funds between program line items. Additionally, any anticipated contract, modification or task/delivery order award using appropriated investment funding, with a value (not obligation) of \$500M or more must be coordinated with AT&L before award. Requests for AT&L coordination shall be sent to SAF/AQX. SAF/AQX will ensure Air Force coordination and will staff the package to AT&L for approval. As a reminder, this AT&L

coordination requirement is for investment dollars only and excludes FMS, sustainment, services acquisitions, and award of basic multiple award ID/IQ contracts. Investment OCO obligations should be deferred until further notice; request for exception may be submitted to SAF/AQ and SAF/FM. Assume you will execute the sequestration plans you submitted to SAF/AQXR until further notice; this includes preserving unobligated prior year balances identified to pay sequestration bill. Lastly, programs must adhere to guidance provided in this memorandum reducing studies, program management administrative and other contract costs. If our budget continues to decline, the Air Force will make strategic decisions to prioritize modernization programs to support the defense strategy and current readiness.

Guidance for all Air Force Activities

Based on actual sequestration reductions, you will receive updated budget bogeys when they are available. For planning purposes, you should plan for the worst case, using the 9 Jan Top Line Reduction, Scenario 2 Bogeys. This assumes the Air Force will not receive external support for our \$1.8B OCO shortfall. You are directed to take the additional actions:

- Cancel all temporary duty travel unless directed by MAJCOM/CC or CV. Additional guidance includes:
 - MAJCOM/CCs will determine which, if any, functional and IG inspections will occur during the sequester. High priority should be given to nuclear-related inspections.
 - The following TDYs are considered mission critical and approved as they support critical corporate Air Force functions: Promotion boards, command selection boards, special selection boards, force management/force-shaping boards pre- and post-board activities, and development teams supporting school and command selection only. Development Team meetings supporting school and command selection should be considered on-site TDYs, unless agreement is reached with AFPC in advance to conduct them virtually.
 - Safety and Accident Investigation Boards are approved travel.
 - Travel for promotion/retirement/award ceremonies or banquets is NOT approved.
 - Speaker participation in wing/group commander courses should not require travel, but be executed by VTC, DCO or other technology.
 - Travel to attend AETC hosted technical or follow-on training courses is approved, but attendees must confirm the course will continue as scheduled.
 - SAF/IA will provide minimum required support to international events.
 - Cancel or defer all AF-hosted conferences and attendance at Non-Federal Entity (NFE) hosted conferences, seminars and symposia. Local attendance at an NFE event is allowed only if there is no cost to the Air Force. Previously delegated conference approval authority is rescinded. Request exemptions through the existing conference approval process for SAF/US approval. Cancellation includes individual speaker travel if at AF expense. (All "gifted" travel must be approved by SAF/GC and reported annually.) Conference attendance for medical readiness training and annual chaplain ecclesiastical endorsement events will be allowed after review through the conference approval process.
 - No spouse travel will be approved at AF expense, except for required precommand training (eg., squadron, group, wing pre-command courses).
- Implement additional reductions where possible to Science Engineering and Technical Assistance (SETA); Advisory and Assistance Services (A&AS); Final System Design

6

Review (FSDR); Contract Military Equivalents (CME) contracts by end of fiscal year or period of performance if earlier than Oct 1, 2013.

 Reference SAF/AA Memorandum, Suspension of Top Secret Periodic Reinvestigations 13 Feb 2013 (see attachment 4), suspend the submission of all Top Secret Periodic Reinvestigations. Suspend all Single Scope Periodic Reinvestigations (SSBI-PR) and Phased Periodic Reinvestigations (PPRs) with limited exceptions. This suspension includes the mandatory Air Force Specialty Codes requiring in-scope Top Secret investigations as found in Air Force Officer and Air Force Enlisted Classification Directories. Reinvestigations for Personnel Reliability Programs, Presidential Support Programs, Special Access Programs and personnel with access to Sensitive Compartmented Information who are in positions directly supporting the Intelligence Community will not be suspended. Additional exceptions must be approved by SAF/AAZ.

These events are unprecedented for the Department and the USAF. As such, it is critical that we maintain very open communication lines to ensure maximum awareness of actions and consistency of application of all sequestration guidance. This will enable us to inform leadership of notable events and assist in the preparation for media/congressional inquiries. Request you provide a weekly update to the SAF/FMBP Workflow (SAFFMBP.Workflow@pentagon.af.mil) and identify any major actions/events that should be elevated to HQ AF. For example, if projected stand down of a flying unit is accelerated from previous estimates, please provide those details. Each MAJCOM should identify a command POC for submitting these reports. Negative inputs should be documented with a NSTR email to the SAF/FMBP Workflow.

We will continue to coordinate with MAJCOMs/COCOMs on actions for consistency in application and recognize you have already implemented many of the actions above. We also realize there are many difficult decisions and trade-offs yet to be made, but they are necessary to comply with a reduction of this magnitude. We will continue working closely to communicate sequestration impacts and advocate for restoral of funding necessary to mitigate the devastating effects of sequestration. If you have questions regarding this guidance, please call Ms. Marilyn Thomas, SAF/FM, at (703) 697-4464.

MEMORANDUM FOR DISTRIBUTION C ALMAJCOM-FOA-DRU/CV

SUBJECT: Near-Term Guidance on FY13 Information Technology (IT) Spending

References:

- (a) USECAF/VCSAF Memo, "Fiscal Year 2013 (FY13) Near-Term Actions to Handle Budgetary Uncertainty," 14 Jan 2013
- (b) Executive Order 13589, "Promote Efficient Spending," 9 Nov 2011
- (c) SAF/CIO A6 Memo, "Implementing Executive Order 13589," 26 Nov 2012

1. Given the current budget uncertainty and the resulting Under Secretary and Vice Chief of Staff of the Air Force guidance (Reference A), I further direct the following immediate actions be taken to minimize IT expenditures to only mission-critical capabilities.

- a) Limit IT hardware and software purchases via 3400 funds to mission-critical requirements. Eliminate/defer planned IT refresh and "new start" IT projects. Where purchases need to made, consider consolidating organizational requirements to larger purchases to try to obtain pricing consideration.
- b) Re-validate IT procurements using 3600/3080 dollars to confirm priority and immediate mission need. Although budget authorizations up to the congressionally appropriated amount remain, look for every opportunity to reduce or curtail spending. Defer what can wait without causing critical mission impacts.
- c) Evaluate current IT contracts and incrementally fund/defer where practical. Ensure use of mandated, available NETCENTS-1 and NETCENTS-2 contracts for IT requirements to support enterprise-wide long-term cost savings.

2. Ensure that planned mission-critical purchases are aligned and directly support the transition to enterprise IT services where available to increase capabilities and save dollars. We are working several enterprise initiatives with DISA, Cyberspace Superiority Core Function Lead Integrator, MAJCOMs, and PEO C3 I&N. While many of the initiatives below are in their early stages, these opportunities can reduce IT expenditures across the Air Force. We will provide specific details on the initiatives in a separate memo, and work closely with your representatives to implement them. The initiatives include:

- a) Enterprise License Agreements (already established cost-saving AF-wide agreements for Microsoft and Adobe),
- b) Data Center Consolidation
- c) Unified Capabilities (voice/video services over IP, increased collaboration, and DoD integration)
- d) Network Security
- e) Cloud Computing Services
- f) DoD Enterprise Email

3. Exceptions to this direction may be made for mission-critical activities as determined by appropriate senior officials as outlined in Reference A. Continue to report your total quarterly FY13 IT expenditures in accordance with Reference C.

4. Nothing in this memorandum is intended to conflict with existing public law or published DoD and AF guidance on IT Asset Management.

5. We stand ready to support your IT cost saving initiatives. Please share any initiatives that you think may be good candidates to implement across the Air Force enterprise and we will work as appropriate.

SUBJECT: Total Force Management and Budgetary Uncertainty

- Reference: (a) Deputy Secretary of Defense Memorandum, "Handling Budget Uncertainty in Fiscal Year 2013", dated 10 January 2013
 - (b) Under Secretary of Defense of Personnel & Readiness Memorandum, "Prohibition on Converting Certain Functions to Contract Performance", dated 1 December 2011
 - (c) Deputy Secretary of Defense Memorandum, "Guidance for Limitation on Aggregate Annual Amount Available for Contracted Services", dated 3 June 2012
 - (d) Under Secretary of Defense of Personnel & Readiness Memorandum, "Guidance Related to the Utilization of Military Manpower to Perform Certain Functions", dated 2 March 2012
 - (e) DoD Instruction 1100.22, "Guidance for Determining Workforce Mix", dated 12 April 2010

This memorandum provides guidance for the management of the Total Force (active and reserve military, government civilians, and contracted support) during this time of continued budget uncertainty. The Department must maintain the viability of the All-Volunteer Force and sustain its operational readiness in the most cost-conscious manner. To do so, the Department must also maintain a properly sized, highly capable civilian workforce that is aligned to mission and workload; complements and delivers support to the military: supports the well-being of the warfighters and their families; and recognizes evolving critical demands while guarding against an erosion of organic skills and an overreliance on contracted services. Finally, the use of contracted services must continue to be reviewed to ensure the most appropriate, cost effective, and efficient support aligned to mission.

As DoD Components begin to take actions consistent with reference (a) - including the implementation of civilian hiring freezes, the release of term or temporary civilian employees, and other personnel related actions – they must be mindful of the Department's obligations to manage the Total Force consistent with Title 10 statutory requirements and references (b) through (e). These considerations are required in planning for the potential reduction or unavailability of fiscal year 2013 funds (with the exception of funds for military personnel) associated with sequester or the continuing resolution.

Consistent with section 2461 of title 10, United States Code, and reference (b), the conversion of functions or work performed by, or designated for performance by, civilian employees to contract performance without a public-private competition is expressly prohibited. Currently such competitions are prohibited under section 325 of the National Defense Authorization Act for Fiscal Year 2010 (Public Law 111-84). Workload currently performed by, or designated for performance by, civilian employees may not be transferred or assumed by contractors performing against prior year obligations. Most importantly, contractors may not perform inherently governmental work, and section 2464 of title 10, United States Code expressly prohibits contracting of certain functions (enclosure 1). DoD

Component heads, as well as field commanders and line managers, are urged to be particularly vigilant to prevent the inappropriate conversion of work to contract performance.

Additionally, limits on contracted support spending enacted in section 808 of the National Defense Authorization Act for Fiscal Year 2012, Public Law 112-81, and implemented via reference (c) still apply. The statutory obligations in section 2330a of title 10, United States Code, to minimize reliance on contract performance of work closely associated with inherently governmental functions (see illustrative examples at enclosure 2) remain in force. Moreover, the guidance in reference (c) to achieve reductions of such reliance, as well as in staff augmentation contract support, remains in effect. Planning for budgetary uncertainty does not relieve DoD Components from compliance with these mandates.

As we continue planning during this period of budgetary uncertainty, the Department must also ensure military personnel are not inappropriately utilized, particularly in a manner that may degrade readiness or result in unnecessary costs to the Department. Consistent with references (d) and (e), except in extraordinary, and typically temporary, circumstances, individual military personnel or units should not perform functions or work that is not military essential (see illustrative examples in enclosure 3). The use of "borrowed" or "repurposed" military can harm readiness and operational capabilities by diverting service members from training or performance of military essential functions. particularly when military members are required to work outside of their occupational specialties. In addition to the risk of hollowing the force, this practice could adversely impact the All-Volunteer Force and have negative effects on the recruitment, retention, and career progression of individual members. During this period of budgetary uncertainty, military units may perform work previously performed by civilian employees or contracted support as part of a rotation base for an operational capability (if this has been reflected in Operational Orders), provided this is done on a limited and temporary basis. In the event of sequestration, where military personnel accounts are exempted, there may be instances where military personnel can be used on a short-term, emergency basis to satisfy a demand that is of mission critical importance.

Please ensure maximum distribution of this memorandum throughout your organization, particularly to your manpower, personnel, and resourcing communities. Questions regarding application and implementation of this memorandum should be addressed to the following points of contact within the Office of Total Force Planning & Requirements: Mr. Thomas Hessel (thomas.hessel@osd.mil or 703-697-3402), and Ms. Amy Parker (amy.parker@osd.mil or 703-697-1735). Thank you for your support in the mitigating risks from budgetary uncertainty that could adversely affect the sustainability and readiness of the All Volunteer Force.

UNDER SECRETARY OF THE AIR FORCE WASHINGTON

MEMORANDUM FOR MAJCOM/CVs, Relevant COCOM/CVs, ANG Deputy Director, and DRU/CCs

SUBJECT: Planning for a Potential Civilian Furlough

This memorandum makes you aware of the possibility of a civilian force furlough if sequestration is implemented in March. Department of Defense and Air Force leadership recognize the critical contributions made by our civilian workforce and continue to work to avoid the need for a furlough. The impacts a potential furlough would impose on the Air Force mission and on our valued civilian Airmen would be among the many serious negative effects of sequestration. However, the Air Force continues to evaluate actions necessary to deal with the impact of a furlough, should it become necessary, and today the Department of Defense began the process of notifying the Congress of the intent to carry out a furlough, should sequestration occur.

The Deputy Secretary of Defense's Management Action Group (DMAG) has developed planning guidance, which will be implemented across the Services in a consistent manner if a furlough becomes necessary. This guidance will lead to furloughing appropriated fund employees with very few, if any, exceptions. Please note, even in cases where an exception may be granted, it may not mean employees will avoid furlough completely, but instead may result in them being furloughed for fewer days than the rest of the workforce. Again, if we are directed to implement furloughs, we expect the impact to be felt by all appropriated fund employees and all activities supported by our civilian workforce. The President exempted military personnel appropriations from sequester, so this furlough does not apply to military personnel.

DoD Guidance

Furloughs will be limited to 22 discontinuous days (or 30 continuous days) — to avoid triggering lengthy reduction-in-force procedures that cannot practically be implemented in FY 13. Furlough days will be spread over a maximum number of pay periods with no more than 16 hours per pay period — two days over two weeks for regular work schedule employees. At this time, the covered pay periods run from Apr 13 through Sep 13. Only USecAF, VCSAF, or high-level designees (MAJCOM Vice Commanders, the Deputy Director of the Air National Guard, DRU Commanders, and SAF/AA for the HAF portfolio) can approve mission-driven exceptions. Local commanders can determine scheduling of furlough days for their employees subject to local bargaining requirements. Again, this guidance is all predicated on the condition that a furlough becomes unavoidable due to sequestration.

DoD guidance allows for exceptions in the following broad categories:

• Civilians deployed to combat zones

- Civilians necessary to provide safety of life or property, but only to the minimum extent needed to protect life or property
- Non-appropriated fund employees
- Employees excepted by law (none within the purview of MAJCOMs, ANG, or DRUs)
- Foreign nationals

Air Force Guidance

Air Force guidance is consistent with DoD guidance. (For the purposes of this guidance, the term "Air Force civilian" includes COCOM civilians managed by the Air Force.) Air Force civilians required to provide a minimum level of life and property safety are defined as:

- Health professionals and technicians who provide 24-hour in-patient care or emergency services, where civilian furloughs cannot be managed in a manner to meet minimum manning levels.
- Civilian police, security guards, and flight leads at installations where civilians comprise 25% or more of the flight level first responders.
- Civilian firefighters where required to meet minimum manning for the Critical Level of Service (CLS) defined in AFI 32-2001.

Please see attached for additional details. Exceptions will be minimal. We do not anticipate all employees in any occupational series will be excepted from furlough, and most excepted employees will still be subject to furlough even if only for a portion of the hours required for most employees.

Very Limited MAJCOM/COCOM/DRU Exceptions

A furlough will inevitably degrade readiness and mission capability. This is unfortunately unavoidable and to be expected. We recognize your command may need very limited furlough exceptions in specific areas unique to your mission. You may also need other very limited exceptions—so limited they defy broad categorization in Air Force-level guidance—to comply with statutory standards or requirements, or to avoid irreversible damage to the long-term health of the Air Force and its mission. Please provide these proposed exceptions to AF/A1 (<u>Alfurloughexceptions@pentagon.af.mil</u>) by COB 26 Feb 13. The submission must meet the standards provided below. Approved exceptions will be sent to the Under Secretary of Defense (Personnel and Readiness) and the Under Secretary of Defense (Comptroller) for their review of consistency across the Department of Defense.

The standard for an exception is not the "mission-critical employee" standard used for a government shutdown. Mission-critical employees generally *will* be furloughed. Exceptions should only be considered if (1) the loss of man hours will result in mission degradation to the point of failure, and (2) in a mission that is deemed critical. If an office is properly manned, furlough should be manageable through proper scheduling – just like leave or an alternate work schedule. Only where staggering absence is not possible – such as for deployed civilians – is an exception truly essential. Thus, if an individual can take leave or participate in a compressed work schedule, they can be furloughed. All requests for exceptions must make it clear why staggered scheduling and other accommodations cannot be implemented. Exception requests must include the alternative lower furlough hours per pay period.

Furlough Mitigation

In the event of furlough, we expect you to mitigate mission and readiness impacts, to the greatest extent possible, by controlling leave and absences for all Airmen, military and civilian. You may not use contract funding or premium pay (compensatory time or overtime) to offset furloughs. Also, in the rare cases where employees are excepted from furlough, you may also not allow them to take paid personal leave. If employees can be spared to take paid leave, they can be furloughed. We understand that mission degradation is unavoidable in this circumstance; we do not expect uniformed Airmen to replace the full capability of an approximate 20 percent reduction in availability of the civilian workforce. Additionally, we must ensure our furloughed civilians do not work from home or on-site, officially or unofficially, on their furlough days. Such action may result in Anti-Deficiency Act violations for which employees and supervisors will be held responsible (and may result in disciplinary action for both).

Please also note that it is illegal to transfer inherently governmental work to the contractor workforce. Moreover, funding available for contractor services is reduced for FY13, so we also expect to see a reduction in the contractor workforce through the remainder of the fiscal year. To take any other action may present grounds for legal action against the Air Force. Moreover, as all appropriations (except MILPERS) are impacted by sequestration, shifting costs may create Anti-Deficiency Act violations in other accounts and thus must be avoided.

<u>A final important note</u>: While the Department of Defense has begun the congressional notification process, there are multiple steps to be followed before a furlough can actually be implemented. It is important to note that, like with any other changes in conditions of employment, it is improper to engage employees in discussions during town hall meetings, commanders' calls, etc., about executing a furlough without first notifying local union officials. Commanders may have these discussions, but they must give union officials the opportunity to participate in them. Our bargaining responsibilities address not whether there will be a furlough, but rather the procedural implementation of a furlough. Bargaining must come first before wholesale notification. Commanders should begin local Impact and Implementation bargaining with unions immediately.

We stand ready to assist with clarification of the above guidance or to answer any other questions you may have. Please direct any questions to appropriate functional staffs (Lt Gen Darrell Jones, AF/A1, or Ms. Marilyn Thomas, SAF/FM).

Attachment AF Supplemental Guidance on Furlough Exceptions

AIR FORCE SUPPLEMENTAL GUIDANCE ON CRITERIA FOR IDENTIFYING EXCEPTED POSITIONS FOR ADMINISTRATIVE FURLOUGH

In preparation for sequestration and possible civilian furlough, it is necessary to identify positions that are excepted from furlough and the criteria used to make that determination.

The categories of positions listed below are approved as excepted positions. Foreign Military Sales employees are NOT excepted from furlough. Requests for additional exceptions must be submitted to AF/A1at <u>A1furloughexceptions@pentagon.af.mil</u> no later than Tuesday, 26 Feb 13, for review and approval.

- **Civilians deployed to a combat zone.** This includes pre- and post-deployment duty requirements.
- Non-US civilians (local nationals). All are excepted from furlough.

For the following three categories, most excepted employees will still be subject to furlough, but only for a portion of the hours required for most employees.

- Civilian Police/Security Guards Occupational Series 0083 and 0085: All Air Force Civilian Police/Security Guard personnel are subject to furlough except at installations where the positions comprise 25% or more of the funded Security Forces unit authorizations and are performing flight-level first responder duties. These exceptions are for GS-0083 civilian police officers and GS-0085 security guards, assigned to Security Forces squadrons, generally servicing in grades GS-09 and below (the only exception being GS-11 flight leader positions) aligned under FAC code 43S3. Only the following units should be exempt from furlough as they are under the 25% manning rule set:
 - 45 SFS Cape Canaveral
 - 61 SFS Los Angeles, AFB, CA
 - 87 SFS Joint AFB McGuire-Dix-Lakehurst, NJ
 - 301 SFS Ft Worth NAS, TX
 - 434 SFS Grissom AFB, IN
 - 502 SFS Joint Base San Antonio (Ft Sam Houston only)
 - 628 SFS Joint Base, Charleston, SC
 - 733 SFS Joint Base Langley-Eustis (Ft Eustis only)
 - 910 SFS Youngstown Warren ARS, OH
 - 914 SFS Niagara Falls ARS, NY
- Civilian Firefighters, Occupational Series 0081: All Air Force firefighters will be subject to furlough except at installations where doing so would drop installation firefighter manning level below the Critical Level of Service (CLS) defined in AFI 32-2001, paragraph 2.7 and Figure A4.2. FES Capabilities. If an installation drops below CLS and must except

firefighters from full furlough, MAJCOMs will be directed to do so equally among all firefighters at that installation. HAF functional experts have determined that even though firefighters work a 24-hour shift, MAJCOM leaders can direct furlough hours which will still allow them to cover the higher risk periods. Initial assessments do not indicate there are any installations currently manned at levels where they will be unable to meet CLS standards even with a furlough.

• Civilian Health Care Personnel: All Air Force Medical Service civilians are subject to furlough except those that provide 24-hour inpatient care or emergency service, and personnel providing ancillary services directly supporting the 24-hour inpatient care and emergency services.

Employees who support 24-hour inpatient operations or emergency services at the following locations and occupational series who are excepted are:

SUBJECT: Suspension of Top Secret Periodic Reinvestigations

Reference: (a) SAF/AA Memo, 26 Jul 12 (b) SAF/AA Memo, 13Apr 12

As noted in the above references, the Air Force experienced fiscal challenges in Fiscal Year (FY) 12 and suspended Top Secret Periodic Reinvestigations from 13 April to 30 September 2012. Due to an estimated \$50 million shortfall in the FY13 Personnel Security Investigation budget, we are suspending the submission of all Top Secret Periodic Reinvestigations until further notice. Effective immediately, all Single Scope Periodic Reinvestigations (SSBI-PR) and Phased Periodic Reinvestigations (PPRs) are suspended with exceptions noted below. This suspension includes the mandatory Air Force Specialty Codes requiring in-scope Top Secret investigations as found in Air Force Officer and Air Force Enlisted Classification Directories.

Reinvestigations for personnel assigned to Personnel Reliability Programs, Presidential Support Programs, Special Access Programs and personnel with access to Sensitive Compartmented Information who are in positions directly supporting the Intelligence Community will not be suspended. Additional exceptions must be approved by SAF/AAZ.

If you have any questions please contact Mr. Herman Mitchell, SAF/AAZ at 703-693 0644, <u>Herman.Mitchell@pentagon.af.mil</u>, Ms Jennifer Aquinas, SAF/AAZ at 703-693-0158, Jennifer.Aquinas@pentagon.af.mil.

MAR 5 2013

MEMORANDUM FOR: SEE DISTRIBUTION

SUBJECT: Additional Guidance for Handling Budgetary Uncertainty in Fiscal Year 2013

The purpose of this memorandum is to provide some additional guidance to the Deputy Secretary of Defense's memorandum on "Handling Budgetary Uncertainty in Fiscal Year 2013," dated January 10, 2013, to ensure consistency in the treatment of issues across the Department of Defense (DoD) as the reductions levied by sequestration and a year-long continuing resolution are implemented. All of these policies are effective immediately.

Congressional Travel Support

The Department will enforce strictly DoD's policies in its support of travel by congressional delegations (CODELs) and congressional staff delegations (STAFFDELs). It is DoD's policy that support for approved travel of members and employees of Congress shall be provided on an economical basis upon request from Congress, pursuant to law or where necessary to carry out DoD duties and responsibilities. Organizations need to ensure that travel of members and employees of Congress is sponsored by the DoD *only* where the purpose of the travel is of primary interest to and bears a substantial relationship to programs or activities of DoD and is <u>not</u> solely for the purpose of engendering goodwill or obtaining possible future benefits. Specific guidance is included in DoD Directive 4515.12 (DoD Support for Travel of Members and Employees of Congress) dated January 15, 2010. Some specific policies worth highlighting include:

- Military airlift will not be used for CODELs if commercial airlift is reasonably available.
 - Within the Continental United States (CONUS), no CODELs may use military airlift as commercial airlift is readily available.
 - Military airlift may be authorized for CODELs when in a Combatant Commander's theater if commercial airlift is limited or unsafe; every effort must be made to minimize costs.
 - Spouses may accompany members if there is an official function as long as they pay their own expenses and do not increase the number or size of aircraft required.
- Minimum number of congressional members for military airlift originating in CONUS.
 - No less than 5 members for large aircraft
 - No less than 3 members for small aircraft
- Tickets purchased by DoD for CODELs, STAFFDELs, and liaison escorts.
 - Must be economy class; individuals may upgrade at their own expense.
 - DoD does <u>not</u> pay for a member's personal staff traveling to his/her home State/District; this includes travel, lodging, meals, or escorts.

• All itineraries for CODELs/STAFFDELs must be approved by the escorting Service's 2-star Legislative Affairs Director to ensure that the itinerary is an efficient use of taxpayer's funds.

Tuition Assistance

All Services should consider significant reductions in funding new tuition assistance applicants after the date of this memorandum for the duration of the current fiscal situation.

Civilian Monetary Awards

Consistent with guidance from the Office of Management and Budget (OMB Bulletin #M-13-05, Agency Responsibilities for Implementation of Potential Joint Committee Sequestration), the Department will not issue discretionary monetary awards for its civilian employees, which should occur *only if* legally required, until further notice. For bargaining unit employees, all bargaining obligations must be fulfilled prior to implementing the OMB guidance.

Participation in International Events

The Department should limit its participation in international events except in those instances where individuals are supporting Foreign Military Sales and the funds supporting these efforts are not being sequestered because the accounts are exempt from sequestration.

Demonstration Flying

All aerial demonstrations, including flyovers, jump team demonstrations, and participation in civilian air shows and military open houses will cease as of April 1, 2013. Flyovers in support of military funerals will be given special consideration. To ensure consistency across the Department all exceptions and waivers for demonstration flying will require the concurrence of the Office of the Assistant to the Secretary of Defense for Public Affairs before approval.

Support to Non-DoD Organizations

All military support to non-DoD organizations for outreach activities will cease, except when the Department has authority to retain any reimbursement and is fully reimbursed for all incremental costs incurred in providing the support. This includes, but is not limited to, military equipment displays at civilian air shows, parades, and civic events. Fleet/ Service weeks as well as military open houses, and local community relations activities are permitted as long as the support/equipment can be provided locally and at no cost to the Department. To ensure consistency across the Department, all exceptions and waivers for support to non-DoD organizations and special events will require the concurrence of the Office of the Assistant to the Secretary of Defense for Public Affairs before approval.

Military Musical Unit (and Ceremonial Unit) Travel

Military musical and ceremonial units will not be permitted to travel beyond the local area immediately surrounding their respective duty stations except when all transportation, lodging, and subsistence, are provided by the requesting organization and can be accepted in accordance with existing law and Department policies, or where the Department has authority to retain any reimbursement and is fully reimbursed by the requesting organization for all incremental costs. Units may continue to perform locally both on and off military installations as long as those performances can be conducted at no cost to the Department. To ensure consistency across the Department all exceptions and waivers will require the concurrence of the Office of the Assistant to the Secretary of Defense for Public Affairs before approval.

Additional guidance will be provided as issues surface that require a DoD-wide policy.

On 1 March 2013, we expect to absorb over \$12B in sequestration reductions while we simultaneously work to mitigate an OCO shortfall of approximately \$1.8B and operate under a highly restrictive Continuing Resolution. A reduction of this magnitude would be devastating to our mission and our people, but, since it appears sequestration cannot be avoided, we must take further actions to significantly slow spending to operate within mandated budget limitations. Implementation of these actions should be structured as best possible to minimize short- and long-term harm to our people and our unit readiness, recognizing that major impacts cannot be entirely avoided. This guidance applies to the Total Force.

As a reminder and to assist you in making mission critical determinations, OSD directed protection of the following programs throughout the year:

- Fully protect funding for wartime operations
- Fully protect Wounded Warrior programs
- To the extent feasible, protect programs most closely associated with the new defense strategy
- To the extent feasible, protect family programs

Continuation of Near Term Actions Directed in 14 January 2013 Memorandum

- Conduct a thorough review of all OCO requirements and identify potential reductions which will not impair wartime operations such as delaying asset reconstitution and incrementally funding OCO contracts.
- Civilian hiring restrictions remain in place to include a hiring freeze, immediate elimination of temporary employees and not renewing term hire employees with exceptions for mission-critical activities and when appropriate in terms of personnel timing. See attachment 1 for guidance on Total Force Management.

Air Force Administrative Record for FY 2013 Furlough Appeals

- Cancel all temporary duties that are not mission-critical, such as attendance at or hosting of conferences and symposia (such as functional conferences), staff assistance visits and training seminars.
- Cancel ongoing and scheduled studies that are not congressionally directed or mission critical. Further Action: SAF/LL and SAF/FMBL will engage with Congress, as appropriate, to seek relief or delay approval for congressionally directed studies.
- Limit supply purchases to essential FY13 consumption (e.g., flying hour bench stock) and stop minor purchases that are not mission-critical such as furniture, and unit equipment.
- Given the current budget uncertainty, the Air Force Chief Information Officer, SAF/CIO A6, further directed immediate actions to minimize IT expenditures to only mission-critical capabilities. Specific actions are outlined in the CIO Policy Directive Memorandum, Subject: Near-Term Guidance on FY13 Information Technology (IT) Spending dated 15 Feb 13 (attachment 2). The actions are intended to ensure planned mission-critical purchases are aligned and directly support the transition to enterprise-wide IT services to realize long-term cost savings and mission effectiveness.
- Defer all non-emergency Facility Sustainment, Restoration and Modernization (FSRM) projects to include Dormitory and Energy Focus Funds. Installations should continue to work with local contracting offices to gather low bids and provide funds requests to the Air Force Civil Engineer Center (AFCEC). Projects may be funded later in the year if funding becomes available. Emergency requirements should be coordinated with AFCEC using the established process for Emergent Requirements (POC: AF/A4/7C).
- Where practical, de-obligate/incrementally fund contracts to encompass only FY13 activity (examples include but are not limited to base maintenance contracts, advisory and assistance services contracts, custodial contracts, etc.).
- Review contracts for possible descoping or other long term cost savings.

Exceptions for Continued Near Term Actions

Limited exceptions for the continuation of these near-term actions may be made for mission critical activities and civilian positions as determined by appropriate senior officials. Requests for exceptions shall be approved by MAJCOM Vice Commanders, the Deputy Director of the Air National Guard, DRU Commanders, and by SAF/AA for the HAF portfolio. Previous delegation of waiver authority will no longer be permitted effective 1 March 2013.

Additional Actions Required due to Implementation of Sequestration

In the event sequestration occurs, additional, wide-ranging and dramatic actions are required to ensure the Air Force operates within the new FY13 top-line. We direct the immediate implementation of the following actions in the event sequestration is triggered on 1 March 2013.

Civilian Personnel (POC: AF/A1)

Civilian Furloughs:

- Follow the guidance found at attachment 3. Please read the attached guidance closely. The authority to approve the <u>very few exceptions</u> to furlough cannot be delegated below the MAJCOM Vice Commanders, the Deputy Director of the Air National Guard (ANG),

2

DRU Commanders, or SAF/AA for the HAF portfolio. ANG will follow guidance provided by NG-J1-TN.

- It is also important to emphasize you may not use premium pay (compensatory or overtime) to offset furloughs, either to make up for lost work or to make up for lost pay. Premium pay is not authorized unless it is part of an employee's normal pay (such as an employee who regularly earns a night shift differential). Beyond that, premium pay is only authorized when it is necessary to provide safety of life or property, but only to the minimum extent needed to protect life or property (i.e., firemen or emergency responders working over their regular shift due to an emergent situation that arises on their shift).
- To reiterate, except in the above circumstances, supervisors will not approve and civilian full-time employees will not work any hours in excess of their normal duty day. Part-time employees will have their furloughs pro-rated IAW 5 CFR 752. You may not request the furloughed employee work overtime nor may you ask another civilian who is not furloughed to compensate for the furloughed employee's lost productivity by working overtime.

Civilian Permanent Change of Station (PCS) guidance:

- All centrally-funded "must move" civilian PCSs will continue, to include overseas returnees, CDE placements, SES moves, priority placements, and centrally-funded career broadener, Palace Acquire, & Copper Cap placements.
- Centrally-funded civilian career moves that are discretionary will be significantly reduced as a result of sequestration. A strategic pause is anticipated for these discretionary moves; guidance will be provided by AFPC.
- Locally funded civilian PCSs can be approved at the discretion of the local commander.

Education and Training (POC: AF/A1)

Education and training guidance:

- All HQ AF leadership development courses scheduled through April 2013 will be cancelled with exceptions for courses with non-recoverable tuition. HQ AF/A1 will evaluate subsequent classes on a monthly basis and assess the impact on our Total Force officer, enlisted, and civilian Airmen.
- Third quarter attendance at short-term TDY professional military education (PME), e.g., SOS, CALT, NCO Academies will be reduced. Specific guidance will be provided by AF/A1.
- The AF will support DoD and Joint education and training consistent w/OSD guidance.
- Due to the current fiscal challenges, Military Tuition Assistance (TA) is suspended effective immediately. The suspension applies to all Active Duty and Reserve Airmen and will remain in effect during the current fiscal situation. Airmen will no longer be permitted to submit new requests for Tuition Assistance through the AF Virtual Education Center nor the AF Automated Education Management System. Airmen currently enrolled with an approved tuition assistance form are not affected and will be allowed to complete current course enrollment(s). Airmen can continue to access their GI Bill benefits, either the Montgomery GI Bill (MGIB) or the Post 9/11 GI Bill as applicable, or use another funding source (i.e. grants, scholarships, or state Tuition Assistance for the Air National Guard). Airmen are encouraged to contact their local education center for additional information. Updated information will be posted on the AF Virtual Education Center website located on the AF Portal, <u>www.my.af.mil</u>.

The following education and training is considered mission critical and will continue under sequestration:

- Long-term professional military education (military and civilian attendance), all precommand training and CSAF mandated training, initial skills training, pre-deployment expeditionary skill training, and functional skills training as required by law.

Flying Hours (POC: AF/A3/5)

Operational leaders at all levels of command are charged with preserving readiness to the maximum extent possible in these difficult circumstances. Due to compressed planning timelines and the unprecedented nature of sequestration cuts, we remain concerned about unanticipated second and third order effects on flying hour program execution and readiness. To mitigate this risk, operational leaders will ensure coordination across functional lines. In particular, civilian furloughs and weapon systems sustainment cuts (to include simulator sustainment) will significantly impact our ability to effectively execute flying hours or maintain operational competencies and must be taken into account. Readiness impacts will be severe and long-term under the best of scenarios; we must do everything in our power to avoid compounding negative effects through inefficient implementation.

Effective immediately, AF O&M flying hours will be used primarily to prepare for and execute approved named operations, SecDef-ordered missions and deployments, nuclear deterrence operations, POTUS/VPOTUS/CCDR travel, Continuity of Government/Operations, and initial training, to include Formal Training Units. Units preparing for and executing these missions will be allocated appropriate flying hours to remain mission ready or gain mission ready status prior to deployment.

- Units not preparing for or executing these missions will follow MAJCOM guidance to preserve critical capabilities and readiness to the extent possible. This may result in ceasing operations at a number of units and tiered readiness beginning in March. In many cases, this will result in units having to stand down for prolonged periods, which will severely degrade readiness. For example, we anticipate more than half of our AD CAF units will reach this point by mid-May. MAJCOMs will build reconstitution plans to best posture Airmen for returning to fly in FY14, while ensuring these units maximize training opportunities (e.g. simulators, part task trainers, academics) during the down period.
- Not all SecDef approved missions will be supported. AF/A3/5 will coordinate with MAJCOMs and Joint Staff through Global Force Management processes to provide detailed guidance.

The following flying hour actions are effective immediately upon sequestration (1 March 2013) unless already in execution or otherwise noted:

- To support emphasis on initial qualification training, we recognize advanced flying training (e.g., instructor upgrade, "TX" transition courses) may be severely impacted, to include Weapons Instructor Courses. MAJCOMs retain authority on specific termination dates and may approve waivers/exemptions required to allow completion of training/courses currently in execution or those deemed mission critical.
- Cancel O&M funded USAF exercises and AF flying participation in all other exercises, unless required for deployment spin-up.

5

- Cancel all air shows, tradeshows, flyovers, orientation flights, heritage flights, and demonstration flights (includes funeral and all military graduation flyovers).
- Cancel all Thunderbird demonstration team events, effective 1 April 2013.
- Cancel all installation open houses unless event includes only local assets and can be supported within available local funding.
- Lead MAJCOMs will continue to manage programs and make flying hour allocations/reductions based on supported missions.
- For senior leader airlift support, the Air Force will continue to support White Housedirected missions and DOD required users (IAW DODD 4500.56). For Congressional travel, the Air Force will strictly adhere to DODD 4515.12 unless waivered by OSD-LA and expects there to be a significant reduction in available aircraft. All other senior leader military airlift support will continue to adhere to existing processes in AFI 24-101, but on a very restricted basis and with reduced aircraft available.
- AF/CV is waiver/exception-to-policy authority for events listed above. Only missioncritical events will be approved. Approvals will not result in increased flying hour allocation from the Air Staff; funding must be sourced from MAJCOM/Lead MAJCOM flying hours. Route requests through A3/5, to include event name, date(s), rationale, cost, and number of assets (personnel and aircraft) dedicated to support the event. For public aerial events, route questions through SAF/PA.

Weapon System Sustainment (POC: AF/A4/7)

Utilizing the 24 January 2013 Centralized Asset Management (CAM)/Executive Committee approved briefing data all weapon system sustainment fund holders will begin to execute planned sequestration actions to cover the worst case scenario reductions. Establish regular reporting of workload not accomplished and workload in danger of not getting funded in next report. Workload previously identified for deferral will not be initiated unless an equal dollar value offset is provided from within the relevant fund holder's portfolio. MAJCOMs and the AF Life Cycle Management Center will review war ready engine levels to determine where additional risk can be taken based on flying hour reductions. Program offices will continue to review activities to find potential savings and will continue to report impacts to contracts supporting weapon system sustainment (e.g., Contractor Logistics Support contracts) and depot maintenance workload. Ensure minimum impact to contingency operations efforts and protect the pilot production pipeline in accordance with stated priorities. In addition, sustainment prioritization efforts should protect aircrew readiness capability through favorable consideration of aircrew training device and simulator operations and maintenance contracts. As current mission requirements and warfighter priorities are reassessed, major adjustments to the previously reviewed plan will be vectored through the CAM Governance Structure.

Air Force Working Capital Funds (AFWCF) (POC: SAF/FMBMR)

The AFWCF will experience immediate and severe impacts caused by sequestration. Initial assessments indicate AFWCF 'Blue' cash will be depleted to a negative \$772 million balance by the end of FY2013. Coupled with projected Transportation WCF (TWCF) losses, the overall AFWCF cash balance could drop below negative \$1 billion. Without additional action, this will cause an Anti-Deficiency Act violation, which must be avoided. Cost control measures within the AFWCF are critical to minimize losses; however, we understand that AFWCF activities may not be able to achieve sufficient cost reductions in the near term to off-set cash losses of this

magnitude. With that in mind, we direct AFMC to take immediate actions to help mitigate the expected negative cash balance. Additionally, we direct AFMC to identify the month in which negative AFWCF 'Blue' cash and/or negative available budgetary resources will occur and to project the 'cash surcharge' required to prevent losses in total and by month. We will request that TRANSCOM also work to reduce costs and provide maximum possible insight into its cash position. SAF/FMB and AF/A4/7 will collaborate with AFMC and TRANSCOM to engage USD(C), OMB and the Congress in an effort to secure support for required mitigating actions to address any remaining shortfall in AFWCF. External support needed to prevent ADA violation may include restoral of readiness accounts, implementation of cash surcharges, and/or reprogramming funds from investment appropriations.

Investment Accounts (POCs: SAF/AQ, SAF/FMBI)

SAF/AQ and SAF/FM will issue funding restrictions at the appropriation level and program ceiling level that assume worst case impacts as a result of combined continuing resolution and sequestration effects. This could have the impact of an across the board reduction of 10% to every program against the planned FY13 funding levels. Our ability to smooth programmatic impacts will be entirely dependent on the degree of funding flexibility we get with associated continuing resolution or appropriation language. As a result, we must have visibility of continuing resolution less sequestration reduction baselines at the program level and any proposed movement of funds between program line items. Additionally, any anticipated contract, modification or task/delivery order award using appropriated investment funding, with a value (not obligation) of \$500M or more must be coordinated with AT&L before award. Requests for AT&L coordination shall be sent to SAF/AQX. SAF/AQX will ensure Air Force coordination and will staff the package to AT&L for approval. As a reminder, this AT&L coordination requirement is for investment dollars only and excludes FMS, sustainment, services acquisitions, and award of basic multiple award ID/IQ contracts. Investment OCO obligations should be deferred until further notice; request for exception may be submitted to SAF/AO and SAF/FM. Assume you will execute the sequestration plans you submitted to SAF/AOXR until further notice; this includes preserving unobligated prior year balances identified to pay sequestration bill. Lastly, programs must adhere to guidance provided in this memorandum reducing studies, program management administrative and other contract costs. If our budget continues to decline, the Air Force will make strategic decisions to prioritize modernization programs to support the defense strategy and current readiness.

Guidance for all Air Force Activities

Based on actual sequestration reductions, you will receive updated budget bogeys when they are available. For planning purposes, you should plan for the worst case, using the 9 Jan Top Line Reduction, Scenario 2 Bogeys. This assumes the Air Force will not receive external support for our \$1.8B OCO shortfall. You are directed to take the additional actions:

- Cancel all temporary duty travel unless directed by MAJCOM/CC or CV. Additional guidance includes:
 - MAJCOM/CCs will determine which, if any, functional and IG inspections will occur during the sequester. High priority should be given to nuclear-related inspections.
 - The following TDYs are considered mission critical and approved as they support critical corporate Air Force functions: Promotion boards, command selection

6

128

boards, special selection boards, force management/force-shaping boards pre- and post-board activities, and development teams supporting school and command selection only. Development Team meetings supporting school and command selection should be considered on-site TDYs, unless agreement is reached with AFPC in advance to conduct them virtually.

Safety and Accident Investigation Boards are approved travel.

- Travel for promotion/retirement/award ceremonies or banquets is NOT approved.
- Speaker participation in wing/group commander courses should not require travel, but be executed by VTC, DCO or other technology.
- Travel to attend AETC hosted technical or follow-on training courses is approved, but attendees must confirm the course will continue as scheduled.
- SAF/IA will provide minimum required support to international events.
- Cancel or defer all AF-hosted conferences and attendance at Non-Federal Entity (NFE) hosted conferences, seminars and symposia. Local attendance at an NFE event is allowed only if there is no cost to the Air Force. Previously delegated conference approval authority is rescinded. Request exemptions through the existing conference approval process for SAF/US approval. Cancellation includes individual speaker travel if at AF expense. (All "gifted" travel must be approved by SAF/GC and reported annually.) Conference attendance for medical readiness training and annual chaplain ecclesiastical endorsement events will be allowed after review through the conference approval process.
 - No spouse travel will be approved at AF expense, except for required precommand training (eg., squadron, group, wing pre-command courses). However, CSAF, VCSAF, and MAJCOM commander spouse travel is authorized for the purpose of base visits (and only base visits) when the visit has a robust spouse agenda, the spouse is accompanied by the active duty member, and MILAIR is available. No commercial travel is authorized and all travel must be at no cost to the AF.
- The funding for patient travel reimbursement for referred medical care (to include Non-Medical Attendants where spouses may fill that role) is determined by law and regulation, and is managed at the Health Affairs level. Medical personnel will ensure all patient travel is carefully monitored and appropriate; however, it is exempted from the requirement of MAJCOM CC or CV review/approval.
- Implement additional reductions where possible to Science Engineering and Technical Assistance (SETA); Advisory and Assistance Services (A&AS); Final System Design Review (FSDR); Contract Military Equivalents (CME) contracts by end of fiscal year or period of performance if earlier than Oct 1, 2013.
- Reference SAF/AA Memorandum, Suspension of Top Secret Periodic Reinvestigations 13 Feb 2013 (see attachment 4), suspend the submission of all Top Secret Periodic Reinvestigations. Suspend all Single Scope Periodic Reinvestigations (SSBI-PR) and Phased Periodic Reinvestigations (PPRs) with limited exceptions. This suspension includes the mandatory Air Force Specialty Codes requiring in-scope Top Secret investigations as found in Air Force Officer and Air Force Enlisted Classification Directories. Reinvestigations for Personnel Reliability Programs, Presidential Support Programs, Special Access Programs and personnel with access to Sensitive Compartmented Information who are in positions directly supporting the Intelligence

7

Community will not be suspended. Additional exceptions must be approved by SAF/AAZ.

These events are unprecedented for the Department and the USAF. As such, it is critical that we maintain very open communication lines to ensure maximum awareness of actions and consistency of application of all sequestration guidance. This will enable us to inform leadership of notable events and assist in the preparation for media/congressional inquiries. Request you provide a weekly update to the SAF/FMBP Workflow (SAFFMBP.Workflow@pentagon.af.mil) and identify any major actions/events that should be elevated to HQ AF. For example, if projected stand down of a flying unit is accelerated from previous estimates, please provide those details. Each MAJCOM should identify a command POC for submitting these reports. Negative inputs should be documented with a NSTR email to the SAF/FMBP Workflow.

We will continue to coordinate with MAJCOMs/COCOMs on actions for consistency in application and recognize you have already implemented many of the actions above. We also realize there are many difficult decisions and trade-offs yet to be made, but they are necessary to comply with a reduction of this magnitude. We will continue working closely to communicate sequestration impacts and advocate for restoral of funding necessary to mitigate the devastating effects of sequestration. If you have questions regarding this guidance, please call Ms. Marilyn Thomas, SAF/FM, at (703) 697-4464.

SUBJECT: Immediate HAF Actions for FY13 Sequestration Implementation - Addendum #1

References: (a) FY13 HAF Near Term Actions to Handle Budgetary Uncertainty, 18 Jan 13

(b) 2013 Immediate HAF Actions for FY 13 Sequestration Implementation, 1 Mar 13

Air Force recently released change #1 to their Fiscal Year 13 Sequestration guidance, which includes the following updates:

<u>Military Tuition</u>: Due to current fiscal challenges, Military Tuition Assistance (TA) is suspended immediately. The suspension applies to all Active Duty and Reserve Airmen and will remain in effect during the current fiscal situation. Airmen will no longer be permitted to submit a new request for Tuition Assistance through the AF Virtual Education Center nor the AF Automated Education Management System. Airmen currently enrolled with an approved tuition assistance form are not affected and will be allowed to complete current course enrollment(s). Airmen can continue to access their GI Bill benefits, either the Montgomery GI Bill or the Post 9/11 GI Bill as applicable, or use another funding source (i.e. grants, scholarships, or state Tuition Assistance for the Air National Guard). Airmen are encouraged to contact their local education center for additional information. Updated information will be posted on the AF Virtual Education Center website located on the AF Portal, www.my.af.mil.

<u>Spouse Travel</u>: No spouse travel will be approved at AF expense, except for required precommand training (eg, squadron, group, wing pre-command courses). However, CSAF, VCSAF, and MAJCOM commander spouse travel is authorized for the purpose of base visits (and only base visits) when the visit has a robust spouse agenda, the spouse is accompanied by the active duty member, and MILAIR is available. No commercial travel is authorized and all travel must be at no cost to the AF.

<u>Patient Travel</u>: The funding for patient travel reimbursement for referred medical case (to include Non-Medical Attendants where spouses may fill that role) is determined by law and regulation, and is managed at the Health Affairs level. Medical personnel will ensure all patient travel is carefully monitored and appropriate; however, it is exempted from the requirement of MAJCOM CC or CV (to include HAF 2 letters) review/approval.

This update is in addition to all the previous policy guidance on sequestration. We expect further changes and additions to the guidance and we will provide HAF guidance as quickly as possible. If you have any questions, contact Ms Anne Graham or Ms Lydia Newsome, SAF/AAR.

MEMORANDUM FOR ALMAJCOM-FOA-DRU/CC DISTRIBUTION C

FROM: SAF/AA

SUBJECT: AIR FORCE POLICY MEMORANDUM - Intergovernmental Personnel Act (IPA) Mobility Program Impacts During Sequestration

This memorandum identifies the actions deemed necessary in order to manage the IPA Mobility Program as a result of sequestration budget reductions that went into effect on 1 March 2013, and the Continuing Resolution. Compliance is mandatory for all Air Force (AF) elements.

The employees working under an IPA assignment are not federal employees and therefore are not subject to furlough. However, the AF has decided that the reductions required by sequestration shall be applied to IPA agreements. Accordingly, all AF-funded IPA agreements must be renegotiated to reduce work schedule and all AF costs by 20 percent effective 22 April 2013. These costs include 1) total salary (salary and related fringe benefits) and 2) all other AF support costs (e.g. indirect costs, G&A costs, travel (TDY) expenses, moving expense, per diem, etc.).

In order to implement, each IPA agreement will have to be individually amended to reflect the individual terms of the agreement and must be staffed for my signature. § 752.402 Definitions.

In this subpart—

Current continuous employment means a period of employment or service immediately preceding an adverse action without a break in Federal civilian employment of a workday.

Day means a calendar day.

Furlough means the placing of an employee in a temporary status without duties and pay because of lack of work or funds or other nondisciplinary reasons.

Grade means a level of classification under a position classification system.

Indefinite suspension means the placing of an employee in a temporary status without duties and pay pending investigation, inquiry, or further agency action. The indefinite suspension continues for an indeterminate period of time and ends with the occurrence of the pending conditions set forth in the notice of action which may include the completion of any subsequent administrative action.

Pay means the rate of basic pay fixed by law or administrative action for the position held by the employee, that is, the rate of pay before any deductions and exclusive of additional pay of any kind.

Similar positions means positions in which the duties performed are similar in nature and character and require substantially the same or similar qualifications, so that the incumbent could be interchanged between the positions without significant training or undue interruption to the work.

Suspension means the placing of an employee, for disciplinary reasons, in a temporary status without duties and pay for more than 14 days.

§ 752.403 Standard for action.

(a) An agency may take an adverse action, including a performance-based adverse action or an indefinite suspension, under this subpart only for such cause as will promote the efficiency of the service.

(b) An agency may not take an adverse action against an employee on the basis of any reason prohibited by 5 U.S.C. 2302.

§ 752.404 Procedures.

(a) *Statutory entitlements*. An employee against whom action is proposed under this subpart is entitled to the procedures provided in 5 U.S.C. 7513(b).

(b) *Notice of proposed action.* (1) An employee against whom an action is proposed is entitled to at least 30 days' advance written notice unless there is an exception pursuant to paragraph (d) of this section. The notice must state the specific reason(s) for the proposed action, and inform the employee of his or her right to review the material which is relied on to support the reasons for action given in the notice.

(2) When some but not all employees in a given competitive level are being furloughed, the notice of proposed action must state the basis for selecting a particular employee for furlough, as well as the reasons for the furlough.

(3) Under ordinary circumstances, an employee whose removal or suspension, including indefinite suspension, has been proposed will remain in a duty status in his or her regular position during the advance notice period. In those rare circumstances where the agency determines that the employee's continued presence in the workplace during the notice period may pose a threat to the employee or others, result in loss of or damage to Government property, or otherwise jeopardize legitimate Government interests, the agency may elect one or a combination of the following alternatives:

(i) Assigning the employee to duties where he or she is no longer a threat to safety, the agency mission, or to Government property;

(ii) Allowing the employee to take leave, or carrying him or her in an appropriate leave status (annual, sick, leave without pay, or absence without leave) if the employee has absented himself or herself from the worksite without requesting leave;

(iii) Curtailing the notice period when the agency can invoke the provisions of paragraph (d)(1) of this section; or

(iv) Placing the employee in a paid, nonduty status for such time as is necessary to effect the action.

(c) *Employee's answer*. (1) An employee may answer orally and in writing except as provided in paragraph (c)(2) of this section. The agency must give the employee a reasonable amount of official time to review the material relied on to support its proposed action, to prepare an answer orally and in writing, and to secure affidavits, if the employee is in an active duty status. The agency may require the employee to furnish any answer to the proposed action, and affidavits and other documentary evidence in support of the answer, within such time as would be reasonable, but not less than 7 days.

(2) The agency will designate an official to hear the employee's oral answer who has authority either to make or recommend a final decision on the proposed adverse action. The right to answer orally in person does not include the right to a formal hearing with examination of witnesses unless the agency provides for such hearing in its regulations. Under 5 U.S.C. 7513(c), the agency may, in its regulations, provide a hearing in place of or in addition to the opportunity for written and oral answer.

(3) If the employee wishes the agency to consider any medical condition which may contribute to a conduct, performance, or leave problem, the employee must be given a reasonable time to furnish medical documentation (as defined in § 339.104 of this chapter) of the condition. Whenever possible, the employee will supply such documentation within the time limits allowed for an answer.

(d) *Exceptions*. (1) Section 7513(b) of title 5, U.S. Code, authorizes an exception to the 30 days' advance written notice when the agency has reasonable cause to believe that the employee has committed a crime for which a sentence of imprisonment may be imposed and is proposing a removal or suspension, including indefinite suspension. This notice exception is commonly referred to as the "crime provision." This provision may be invoked even in the absence of judicial action.

(2) The advance written notice and opportunity to answer are not required for furlough without pay due to unforeseeable circumstances, such as sudden breakdowns in equipment, acts of God, or sudden emergencies requiring immediate curtailment of activities.

(e) *Representation*. Section 7513(b)(3) of title 5, U.S. Code, provides that an employee covered by this part is entitled to be represented by an attorney or other representative. An agency may disallow as an employee's representative an individual whose activities as representative would cause a conflict of interest or position, or an employee of the agency whose release from his or her official position would give rise to unreasonable costs or whose priority work assignments preclude his or her release.

(f) Agency review of medical information. When medical information is supplied by the employee pursuant to paragraph (c)(3) of this section, the agency may, if authorized, require a medical examination under the criteria of § 339.301 of this chapter, or otherwise, at its option, offer a medical examination in accordance with the criteria of § 339.302 of this chapter. If the employee has the requisite years of service under the Civil Service Retirement System or the Federal Employees' Retirement System, the agency must provide information concerning disability retirement. The agency must be aware of the affirmative obligations of the provisions

of 29 CFR 1614.203, which require reasonable accommodation of a qualified individual with a disability.

(g) *Agency decision*. (1) In arriving at its decision, the agency will consider only the reasons specified in the notice of proposed action and any answer of the employee or his or her representative, or both, made to a designated official and any medical documentation reviewed under paragraph (f) of this section.

(2) The notice must specify in writing the reasons for the decision and advise the employee of any appeal or grievance rights under § 752.405 of this part. The agency must deliver the notice of decision to the employee on or before the effective date of the action.

(h) *Applications for disability retirement*. Section 831.1204(e) of this chapter provides that an employee's application for disability retirement need not delay any other appropriate personnel action. Section 831.1205 and § 844.202 of this chapter set forth the basis under which an agency must file an application for disability retirement on behalf of an employee.

§ 752.405 Appeal and grievance rights.

(a) *Appeal rights*. Under the provisions of 5 U.S.C. 7513(d), an employee against whom an action is taken under this subpart is entitled to appeal to the Merit Systems Protection Board.

(b) *Grievance rights.* As provided at 5 U.S.C. 7121(e)(1), if a matter covered by this subpart falls within the coverage of an applicable negotiated grievance procedure, an employee may elect to file a grievance under that procedure or appeal to the Merit Systems Protection Board under 5 U.S.C. 7701, but not both. Sections 7114(a)(5) and 7121(b)(1)(C) of title 5, U.S. Code, and the terms of an applicable collective bargaining agreement, govern representation for employees in an exclusive bargaining unit who grieve a matter under this subpart through the negotiated grievance procedure.

§ 752.406 Agency records.

The agency must maintain copies of, and will furnish to the Merit Systems Protection Board and to the employee upon his or her request, the following documents:

- (a) Notice of the proposed action;
- (b) Employee's written reply, if any;
- (c) Summary of the employee's oral reply, if any;
- (d) Notice of decision; and
- (e) Any order effecting the action, together with any supporting material.

5 CFR § 359, Subpart H—Furloughs in the Senior Executive Service

§ 359.801 Agency authority.

This subpart sets the conditions under which an agency may furlough career appointees in the Senior Executive Service. The furlough of a noncareer, limited term, or limited emergency appointee is not subject to this subpart. The furlough of a reemployed annuitant holding a career appointment also is not subject to the subpart.

§ 359.802 Definitions.

For the purpose of this subpart, *furlough* means the placing of an appointee in a temporary status without duties and pay because of lack of work or funds or other nondisciplinary reasons.

§ 359.803 Competition.

Any furlough for more than 30 calendar days, or for more than 22 workdays if the furlough does not cover consecutive calendar days, shall be made under competitive procedures established by the agency. The procedures shall be made known to the SES members in the agency.

§ 359.804 Length of furlough.

A furlough may not extend more than one year. It may be made only when the agency intends to recall the appointee within one year.

§ 359.805 Appeals.

A career appointee who has been furloughed and who believes this subpart or the agency's procedures have not been correctly applied may appeal to the Merit Systems Protection Board under provisions of the Board's regulations.

§ 359.806 Notice.

(a) An appointee is entitled to a 30 days' advance written notice of a furlough. The full notice period may be shortened, or waived, only in the event of unforseeable circumstances, such as sudden emergencies requiring immediate curtailment of activities.

(b) The written notice shall advise the appointee of:

(1) The reason for the agency decision to take the furlough action.

(2) The expected duration of the furlough and the effective dates;

(3) The basis for selecting the appointee for furlough when some but not all Senior Executive Service appointees in a given organizational unit are being furloughed;

(4) The reason if the notice period is less than 30 days;

(5) The place where the appointee may inspect the regulations and records pertinent to the action; and

(6) The appointee's appeal rights, including the time limit for the appeal and the location of the Merit Systems Protection Board office to which the appeal should be sent.

§ 359.807 Records.

The agency shall preserve all records relating to an action under this subpart for at least one year from the effective date of the action.

SEC. 101. ENFORCING DISCRETIONARY SPENDING LIMITS.

Section 251 of the Balanced Budget and Emergency Deficit Control Act of 1985 is amended to read as follows: 2 USC 901.

"SEC. 251. ENFORCING DISCRETIONARY SPENDING LIMITS.

"(a) ENFORCEMENT.---

"(1) SEQUESTRATION.—Within 15 calendar days after Congress adjourns to end a session there shall be a sequestration to eliminate a budget-year breach, if any, within any category.

"(2) ELIMINATING A BREACH.—Each non-exempt account within a category shall be reduced by a dollar amount calculated by multiplying the enacted level of sequestrable budgetary resources in that account at that time by the uniform percentage necessary to eliminate a breach within that category.

"(3) MILITARY PERSONNEL.—If the President uses the authority to exempt any personnel account from sequestration under section 255(f), each account within subfunctional category 051 (other than those military personnel accounts for which the authority provided under section 255(f) has been exercised) shall be further reduced by a dollar amount calculated by multiplying the enacted level of non-exempt budgetary resources in that account at that time by the uniform percentage necessary to offset the total dollar amount by which outlays are not reduced in military personnel accounts by reason of the use of such authority.

"(4) PART-YEAR APPROPRIATIONS.—If, on the date specified in paragraph (1), there is in effect an Act making or continuing appropriations for part of a fiscal year for any budget account, then the dollar sequestration calculated for that account under paragraphs (2) and (3) shall be subtracted from— "(A) the annualized amount otherwise available by law

"(A) the annualized amount otherwise available by law in that account under that or a subsequent part-year appropriation; and

"(B) when a full-year appropriation for that account is enacted, from the amount otherwise provided by the full-year appropriation for that account.

"(5) LOOK-BACK.—If, after June 30, an appropriation for the fiscal year in progress is enacted that causes a breach within a category for that year (after taking into account any sequestration of amounts within that category), the discretionary spending limits for that category for the next fiscal year shall be reduced by the amount or amounts of that breach.

Deadline.

"(6) WITHIN-SESSION SEQUESTRATION.—If an appropriation for a fiscal year in progress is enacted (after Congress adjourns to end the session for that budget year and before July 1 of that fiscal year) that causes a breach within a category for that year (after taking into account any prior sequestration of amounts within that category), 15 days later there shall be a sequestration to eliminate that breach within that category following the procedures set forth in paragraphs (2) through (4).

"(7) Estimates.—

Deadline.

125 STAT. 241

"(A) CBO ESTIMATES.—As soon as practicable after Congress completes action on any discretionary appropriation, CBO, after consultation with the Committees on the Budget of the House of Representatives and the Senate, shall provide OMB with an estimate of the amount of discretionary new budget authority and outlays for the current year, if any, and the budget year provided by that legislation.

"(B) OMB ESTIMATES AND EXPLANATION OF DIF-FERENCES .- Not later than 7 calendar days (excluding Saturdays, Sundays, and legal holidays) after the date of enactment of any discretionary appropriation, OMB shall transmit a report to the House of Representatives and to the Senate containing the CBO estimate of that legislation, an OMB estimate of the amount of discretionary new budget authority and outlays for the current year, if any, and the budget year provided by that legislation, and an explanation of any difference between the 2 estimates. If during the preparation of the report OMB determines that there is a significant difference between OMB and CBO, OMB shall consult with the Committees on the Budget of the House of Representatives and the Senate regarding that difference and that consultation shall include, to the extent practicable, written communication to those committees that affords such committees the opportunity to comment before the issuance of the report.

"(C) ASSUMPTIONS AND GUIDELINES.—OMB estimates under this paragraph shall be made using current economic and technical assumptions. OMB shall use the OMB estimates transmitted to the Congress under this paragraph. OMB and CBO shall prepare estimates under this paragraph in conformance with scorekeeping guidelines determined after consultation among the Committees on the Budget of the House of Representatives and the Senate, CBO, and OMB.

Such changes shall equal the baseline levels of new budget authority and outlays using up-to-date concepts and definitions, minus those levels using the concepts and definitions in effect before such changes. Such changes may only be made after consultation with the Committees on Appropriations and the Budget of the House of Representatives and the Senate, and that consultation shall include written communication to such committees that affords such committees the opportunity to comment before official action is taken with respect to such changes.

Deadline.

Reports.

Consultation.

"(2) SEQUESTRATION REPORTS.—When OMB submits a sequestration report under section 254(e), (f), or (g) for a fiscal year, OMB shall calculate, and the sequestration report and subsequent budgets submitted by the President under section 1105(a) of title 31, United States Code, shall include adjust-ments to discretionary spending limits (and those limits as adjusted) for the fiscal year and each succeeding year, as follows:

"(A) EMERGENCY APPROPRIATIONS: OVERSEAS CONTIN-GENCY OPERATIONS/GLOBAL WAR ON TERRORISM.-If, for any fiscal year, appropriations for discretionary accounts are enacted that-

MEMORANDUM FOR: SEE DISTRIBUTION

SUBJECT: Implications of Ongoing Fiscal Cliff Negotiations

We are providing you this information regarding the potential impact of sequestration here at DoD. As you are all likely aware, the Administration and Congress are continuing to work to resolve a series of economic or fiscal events, collectively referred to as the "fiscal cliff," that are scheduled to occur around the end of the year. One of the key issues involves potential across-the-board reductions in Federal spending—also known as "sequestration"—which were put in place by the Budget Control Act of 2011. Under current law, these reductions are scheduled to take effect on January 2, 2013. Many of you have raised questions regarding the impact of a potential sequestration for the Department of Defense, and I would like to take a moment to clarify a few things.

I want to start by noting that this past summer, the President indicated his intent to exercise his legal authority to exempt military personnel funding from sequestration. This means that military endstrength will not be affected by sequestration in FY2013.

Our civilian employees should keep in mind that the Administration remains focused on working with Congress to reach agreement on a balanced deficit reduction plan that avoids such cuts. Sequestration was never intended to be implemented, and there is no reason why both sides should not be able to come together and prevent this scenario.

Nevertheless, with only a couple of weeks left before sequestration could occur should a deal not be reached, it is important to clarify the potential implications. Let me start by explaining what sequestration is and what it is not. Sequestration is an across-the-board reduction in budgetary resources for all accounts within the Department of Defense that have not been exempted by Congress. If it occurs, sequestration will reduce our budgetary resources for the remainder of the fiscal year (which runs through September 30). These cuts, while significant and harmful to our collective mission as an agency, would not necessarily require immediate reductions in spending. Under sequestration, we would still have funds available after January 2, 2013, but our overall funding for the remainder of the year would be reduced. Accordingly, this situation is different from other scenarios we have encountered in recent years, such as threats of government shutdown due to a lapse in appropriations.

For these reasons, I do not expect our day-to-day operations to change dramatically on or immediately after January 2, 2013, should sequestration occur. This means that we will not be executing any immediate civilian personnel actions, such as furloughs, on that date. Should we have to operate under reduced funding levels for an extended period of time, we may have to consider furloughs or other actions in the future. But let me assure you that we will carefully examine other options to reduce costs within the agency before taking such action, taking into

AFAR 20Mar 13 Tab 2

consideration our obligation to execute our core mission. Moreover, if such action proves to be necessary, we would provide affected employees the requisite advance notice before a furlough or other personnel action would occur. We would also immediately cancel any scheduled personnel actions should a deficit reduction agreement be reached that restores our agency funding.

I want to assure you that we will do our very best to provide clear information about the status of events as they unfold.

Finally, let me express my gratitude during this holiday season for your continued hard work and dedication to the vital mission of the Department of Defense. Your contributions touch people's lives in many significant ways, and I want you to know how deeply appreciative the President and myself are for all that you do.

SEQUESTRATION ORDER FOR FISCAL YEAR 2013 PURSUANT TO SECTION 251A OF THE BALANCED BUDGET AND EMERGENCY DEFICIT CONTROL ACT, AS AMENDED

By the authority vested in me as President by the laws of the United States of America, and in accordance with section 251A of the Balanced Budget and Emergency Deficit Control Act, as amended (the "Act"), 2 U.S.C. 901a, I hereby order that budgetary resources in each non-exempt budget account be reduced by the amount calculated by the Office of Management and Budget in its report to the Congress of March 1, 2013.

Pursuant to sections 250(c)(6), 251A, and 255(e) of the Act, budgetary resources subject to sequestration shall be new budget authority, unobligated balances of defense function accounts carried over from prior fiscal years, direct spending authority, and obligation limitations.

All sequestrations shall be made in strict accordance with the requirements of section 251A of the Act and the specifications of the Office of Management and Budget's report of March 1, 2013, prepared pursuant to section 251A(11) of the Act.

MEMORANDUM FOR THE HEADS OF EXECUTIVE DEPARTMENTS AND AGENCIES

FROM: Jeffrey D. Zients / Deputy Director for Management

SUBJECT: Issuance of the Sequestration Order Pursuant To Section 251A of the Balanced Budget and Emergency Deficit Control Act of 1985, as Amended

This memorandum is to inform executive departments and agencies (agencies) that the President has issued a sequestration order (order) in accordance with section 251A of the Balanced Budget and Emergency Deficit Control Act, as amended (BBEDCA), 2 U.S.C. 901a. The order requires that budgetary resources in each non-exempt budget account be reduced by the amount calculated by the Office of Management and Budget (OMB) in its report to Congress of March 1, 2013, entitled *OMB Report to the Congress on the Joint Committee Sequestration for Fiscal Year 2013* (sequestration report).

Due to the failure of the Joint Select Committee on Deficit Reduction, the President was required by law to issue an order canceling \$85 billion in budgetary resources across the Federal Government for the remainder of Fiscal Year (FY) 2013. OMB has calculated that, over the course of the fiscal year, the order requires a 7.8 percent reduction in non-exempt defense discretionary funding and a 5.0 percent reduction in non-exempt nondefense discretionary funding. The sequestration also requires reductions of 2.0 percent to Medicare, 5.1 percent to other non-exempt nondefense mandatory programs, and 7.9 percent to non-exempt defense mandatory programs. The sequestration report provides calculations of the amounts and percentages by which various budgetary resources are required to be reduced, and a listing of the reductions required for each non-exempt budget account.

Agencies shall apply the same percentage reduction to all programs, projects, and activities within a budget account, as required by section 256(k)(2) of BBEDCA, 2 U.S.C. 906(k)(2). Agencies should operate in a manner that is consistent with guidance provided by OMB in Memorandum 13-03, *Planning for Uncertainty with Respect to Fiscal Year 2013 Budgetary Resources* and Memorandum 13-05, *Agency Responsibilities for Implementation of Potential Joint Committee Sequestration*.

EXECUTIVE OFFICE OF THE PRESIDENT OFFICE OF MANAGEMENT AND BUDGET WASHINGTON, D.C. 20503

March 1, 2013

The Honorable John A. Boehner Speaker of the House of Representatives Washington, D.C. 20515

Dear Mr. Speaker:

Enclosed please find the Office of Management and Budget (OMB) Report to the Congress on the sequestration for fiscal year (FY) 2013 required by section 251A of the Balanced Budget and Emergency Deficit Control Act, as amended (the "Joint Committee sequestration"). This report provides calculations of the amounts and percentages by which various budgetary resources are required to be reduced, and a listing of the reductions required for each non-exempt budget account.

In August 2011, as part of the Budget Control Act of 2011 (BCA), bipartisan majorities in both the House of Representatives and Senate voted for sequestration as a mechanism to compel the Congress to act on deficit reduction. The threat of destructive across-the-board cuts under the BCA was intended to drive both sides to compromise. Yet, a year and a half has passed, and the Congress still has failed to enact balanced deficit reduction legislation that avoids sequestration.

As a result of the Congress's failure to act, the law requires the President to issue a sequestration order today canceling \$85 billion in budgetary resources across the Federal Government for FY 2013. Specifically, OMB calculates that, over the course of the fiscal year, the sequestration requires a 7.8 percent reduction in non-exempt defense discretionary funding and a 5.0 percent reduction in non-exempt nondefense discretionary funding. The sequestration also requires reductions of 2.0 percent to Medicare, 5.1 percent to other non-exempt nondefense mandatory programs, and 7.9 percent to non-exempt defense mandatory programs.

Because these cuts must be achieved over only seven months instead of 12, the effective percentage reductions will be approximately 13 percent for non-exempt defense programs and 9 percent for non-exempt nondefense programs.

The cuts required by sequestration will be deeply destructive to national security, domestic investments, and core Government functions. While the Department of Defense will shift funds where possible to minimize the impact on war-fighting capabilities and critical military readiness, sequestration will result in a reduction in readiness of many non-deployed units, delays in investments in new equipment, cutbacks in equipment repairs and needed facilities maintenance, disruptions in military research and development efforts, significant reductions in weapons programs, and furloughs of most civilian employees for a significant

AFAR ZO Mar 13 Tob 6

amount of time. Sequestration will also undermine nondefense investments vital to economic growth, threaten the safety and security of the American people, and cause severe harm to programs that benefit the middle class, seniors, and children. According to analysis by outside experts, sequestration would reduce real GDP growth for 2013 by 0.5 to 0.7 percentage points were it to continue for the rest of the calendar year.

The Joint Committee sequestration is a blunt and indiscriminate instrument. It was never intended to be implemented and does not represent a responsible way for our Nation to achieve deficit reduction.

On multiple occasions, the President has proposed comprehensive and balanced deficit reduction plans to avoid sequestration. The President and Congress, working together, have already reduced the deficit by \$2.5 trillion. The President has been clear that he is willing to make tough choices to reach an agreement on further deficit reduction. The Administration continues to stand ready to work with the Congress to enact balanced deficit reduction legislation that replaces sequestration and puts the Nation on a sound long-term fiscal path.

Sincerely,

y D.IN

Jeffrey D. Zients Deputy Director for Management

OMB REPORT TO THE CONGRESS ON THE JOINT COMMITTEE SEQUESTRATION FOR FISCAL YEAR 2013

March 1, 2013

OMB REPORT TO THE CONGRESS ON THE JOINT COMMITTEE SEQUESTRATION FOR FISCAL YEAR 2013

The Balanced Budget and Emergency Deficit Control Act, as amended (BBEDCA), 2 U.S.C. § 901a, requires the Office of Management and Budget (OMB) to calculate, and the President to order on March 1, 2013, reductions in budgetary resources triggered by the failure of the Joint Select Committee on Deficit Reduction to propose, and the Congress to enact, legislation to reduce the deficit by \$1.2 trillion (Joint Committee sequestration). This report provides OMB's calculations of the percentage and dollar amount of the reduction for each non-exempt budget account and an explanation of the calculations.

OMB calculates that the Joint Committee sequestration requires a 7.8 percent reduction in non-exempt defense discretionary funding and a 5.0 percent reduction in non-exempt nondefense discretionary funding. The sequestration also imposes reductions of 2.0 percent to Medicare, 5.1 percent to other non-exempt nondefense mandatory programs, and 7.9 percent to non-exempt defense mandatory programs.

Basis for Calculations

Discretionary Appropriations. As of the date of this report, no full-year regular appropriations bills have been enacted for fiscal year (FY) 2013. Instead, all agencies are operating under the Continuing Appropriations Resolution, 2013 (CR), Pub. L. 112-175. In addition, the Disaster Relief Appropriations Act, 2013 (Hurricane Sandy supplemental), Pub. L. 113-2, provided supplemental funding to various agencies for Hurricane Sandy relief and recovery efforts. Accordingly, as required by sections 251A(7)(A) and 253(f)(2) of BBEDCA, OMB's estimates for the level of sequestrable budgetary resources and resulting reductions assume that budget accounts with discretionary appropriations are funded at the annualized level provided by the CR, plus funding provided by the Hurricane Sandy supplemental and any funding enacted as advance appropriations for FY 2013. Unless another amount is specified by the CR, the annualized level equals the FY 2012 enacted appropriations, including changes in mandatory programs, net of any recurring rescissions, and increased by 0.612 percent pursuant to section 101(c) of the CR.¹ Spending authority from offsetting collections is only increased by the 0.612 percent when that spending authority is used to determine the annualized level. Amounts designated in the CR for Overseas Contingency Operations (OCO)/Global War on Terrorism (GWOT), and amounts incorporated in the CR by reference to the Disaster Relief Appropriations Act, 2012, Pub. L. 112-77, do not receive the 0.612 percent increase. As provided by section 101(b) of the CR, whenever an amount designated for OCO/GWOT pursuant to section 251(b) (2)(A) of BBEDCA in either the Department of Defense Appropriations Act, 2012 (division A of Pub. L. 112-74) or in the Military Construction and Veterans Affairs and Related Agencies Appropriations Act, 2012 (division H of Pub. L. 112-74) differs from the amount in the President's FY 2013 Budget request, the annualized level equals the amount in the President's FY 2013 Budget request. The CR levels are also adjusted for any transfers mandated by law.

<u>Unobligated Balances in the Defense Function</u>. Pursuant to section 255(e) of BBEDCA, unobligated balances in the defense function are sequestrable budgetary resources. The majority of estimated unobligated balances in the defense function are in Department of Defense accounts. In general, for multiyear accounts, the Department of Defense estimated unobligated balances as of March 1, 2013, by reducing unobligated balances as of December 31, 2012, by a historically-based estimate of obligations from prior year funds in January and February.

¹ Information about OMB's calculation of the amounts appropriated by the CR can be found in OMB Bulletin 12-02, which is available online at <u>http://www.whitehouse.gov/sites/default/files/omb/bulletins/fy2012/b12-02.pdf</u>.

OMB REPORT TO THE CONGRESS ON THE JOINT COMMITTEE SEQUESTRATION FOR FISCAL YEAR 2013

<u>Direct Spending</u>. Estimates of sequestrable budgetary resources and outlays for budget accounts with direct spending are equal to the current law baseline amounts contained in the President's FY 2013 Budget, adjusted for the effects of legislation enacted since the Budget was transmitted. Two changes with the largest effect on the amount of sequestrable direct spending—providing for a zero percent update for Medicare payments to physicians under the Sustainable Growth Rate formula for calendar year 2013, and extending Emergency Unemployment Compensation (EUC) through the end of 2013—were enacted in the American Taxpayer Relief Act of 2012 (ATRA), Pub. L. 112-240.

Special Sequestration Rules. The Joint Committee sequestration order is not an order under section 254 of BBEDCA.² Accordingly, as set forth in this report, the special rules in section 256 that apply only to a sequestration order issued under section 254 do not apply to the Joint Committee sequestration, except to the extent those rules are otherwise made applicable by another provision of law. Section 251A(7)(A) of BBEDCA does not include any such provision for discretionary spending; as a result, in calculating the reduction in discretionary spending required by the Joint Committee sequestration, this report does not apply the special rules in section 256 that apply only to a sequestration order issued under section 254. The special rules in section 256 do, however, apply to the reduction in direct spending required by the Joint Committee sequestration, pursuant to the explicit direction in section 251A(8) of BBEDCA.

Federal Administrative Expenses. Under section 256(h) of BBEDCA, Federal administrative expenses are subject to sequestration pursuant to an order issued under section 254 "without regard to any exemption, exception, limitation, or special rule which is otherwise applicable." For the reasons set forth in the preceding paragraph, for the Joint Committee sequestration, this rule applies only to Federal administrative expenses that constitute direct spending. BBEDCA does not define "administrative expenses." For purposes of this report, "administrative expenses" for typical Government programs are defined as the object classes for personnel compensation, travel, transportation, communication, equipment, supplies, materials, and other services. For Government programs engaging in commercial, business-like activities, administrative expenses that are directly tied to the production and delivery of goods or services.

<u>American Taxpayer Relief Act of 2012</u>. In addition to the changes to direct spending mentioned above, this report reflects three changes to the calculation of the Joint Committee sequestration required by ATRA. Section 901(a) reduced the amount of the FY 2013 sequestration by \$24 billion, which was paid for by \$12 billion of revenue increases and \$12 billion in total reductions to the discretionary spending limits for FYs 2013 and 2014. Section 901(c) delayed the date for submission of this report from January 2, 2013 to March 1, 2013. Section 901(e) altered the discretionary spending limits for FY 2013 for purposes of calculating the Joint Committee sequestration.

Calculation of Sequestration Percentages

Under section 251A of BBEDCA, the failure of the Joint Select Committee on Deficit Reduction to propose, and the Congress to enact, legislation to reduce the deficit by \$1.2 trillion triggers automatic reductions in discretionary appropriations and direct spending to achieve the deficit reduction that the Joint Select Committee process was meant to achieve. As shown in Table 1, the total annual amount of deficit reduction required is specified by formula in section 251A(3), starting with the total reduction of \$1.2 trillion required for FY 2013 through

FY 2021, deducting a specified 18 percent for debt service savings, and then dividing the result by 9 to calculate the annual reduction of \$109 billion for each year from FY 2013 to FY 2021. As discussed previously, ATRA lowered the amount of the reduction required for FY 2013 by \$24 billion, leaving \$85 billion to be achieved through sequestration. The annual reduction is split evenly between budget accounts in function 050 (defense function) and in all other functions (nondefense function), so that each function group will be reduced by \$42.667 billion in FY 2013.

<u>Base for Allocating Reductions</u>. The annual reduction is further allocated between discretionary and direct spending within each of the function groups in proportion to their share of total spending within the function group. The base for allocating reductions to discretionary appropriations is the discretionary spending limit for FY 2013 listed in section 251(c) (2) as revised by section 251A(2)(A), and as applied pursuant to section 901(e) of ATRA. For purposes of this report, the discretionary spending limits have not been revised to include adjustments pursuant to section 251(b)(2) for certain funding included in the CR and Hurricane Sandy supplemental because these adjustments cannot be made until OMB issues its Discretionary Final Sequestration Report for FY 2013 on March 27th pursuant to section 901(b) of ATRA. Pursuant to paragraphs (5) and (6) of section 251A, and consistent with section 6 of the Statutory Pay-As-You-Go Act of 2010, 2 U.S.C. § 935, the base for allocating reductions to budget accounts with direct spending is the sum of the direct spending outlays in the budget year and the subsequent year that would result from new sequestrable budget authority in FY 2013.

<u>Sequestrable Base</u>. Once the reductions are allocated between discretionary appropriations and direct spending using the bases above, the sequestration percentage for discretionary appropriations is obtained by dividing the discretionary reduction required by the discretionary sequestrable base, which is described above in the "Basis for Calculations" section. By statute, the discretionary sequestrable base differs from the base used to allocate the reductions between discretionary appropriations and direct spending. For discretionary defense programs, the sequestrable base equals total discretionary appropriations (including funding that would trigger cap adjustments), plus unobligated balances and funding financed by fees, minus exemptions. Except for funding for military personnel accounts, most discretionary defense funding is sequestrable.³ For discretionary nondefense programs, the sequestrable base equals total discretionary nondefense programs, the

³ Defense sequestrable budgetary resources include non-exempt new budget authority and unobligated balances carried over from prior fiscal years. Budgetary resources for military personnel accounts are exempt pursuant to section 255(f) of BBEDCA and the July 31, 2012 letter from OMB notifying the Congress of the President's intent to exempt military personnel accounts from sequestration, available at: <u>http://www.whitehouse.gov/sites/default/files/omb/legislative/letters/militarypersonnel-letter-biden.pdf</u>.

trigger cap adjustments) and funding financed by fees, adjusted to exclude funding for the Department of Veterans Affairs, Pell Grants, and other exempt amounts. For mandatory programs, the sequestrable base is the same as the mandatory base for allocating the reduction. Pursuant to sections 251A(8), 255, and 256 of BBEDCA, most mandatory spending is exempt from sequestration or, in the case of the Medicare program and certain health programs, is subject to a 2 percent limit on sequestration.

Defense Function Reduction

Table 2 shows the calculation of the sequestration percentages and dollar reductions required for budget accounts with discretionary appropriations or direct spending within the defense function. The calculation involves the following steps:

- Step 1. Pursuant to section 251A(5), the total reduction of \$42.667 billion is allocated proportionately between discretionary appropriations and direct spending. The total base is the sum of the FY 2013 revised discretionary spending limit for the security category⁴ (\$544 billion) and OMB's baseline estimates of sequestrable direct spending outlays in the defense function in FY 2013 and FY 2014 from new direct spending budget authority in FY 2013 (\$0.662 billion). Discretionary appropriations comprise more than 99 percent of the total base in the defense function.
- Step 2. Total defense function spending must be reduced by \$42.667 billion. As required by section 251A(5)(A), allocating the reduction based on the ratio of the revised discretionary spending limit to the total base (the sum of the defense discretionary spending limit and sequestrable direct spending) yields a \$42.615 billion reduction required for discretionary appropriations. Under section 251A(5)(B), the remaining \$0.052 billion is the reduction required for budget accounts with direct spending.
- Step 3. As required by section 251A(7)(A), the discretionary percentage reduction for FY 2013 is calculated by dividing the discretionary reduction amount calculated in step 2 (\$42.615 billion) by the sequestrable budgetary resources (\$549.325 billion) for budget accounts with discretionary appropriations in the defense function, which yields a 7.8 percent sequestration rate for budget accounts with non-exempt discretionary appropriations. A similar calculation is required by section 251A(8) for the sequestration of direct spending. Dividing the direct spending reduction amount (\$0.052 billion) by the sequestrable budgetary resources (\$0.662 billion) for budget accounts with direct spending yields a 7.9 percent sequestration rate for budget accounts with non-exempt direct spending.

OMB REPORT TO THE CONGRESS ON THE JOINT COMMITTEE SEQUESTRATION FOR FISCAL YEAR 2013

Nondefense Function Reduction

Table 3 shows the calculation of the sequestration percentages and dollar reductions required for budget accounts with discretionary appropriations or direct spending within all other functions besides 050 (nondefense function). The calculation is more complicated than the calculation for the defense function due to a two percent limit on sequestration of Medicare non-administrative spending, a two percent limit on sequestration of community and migrant health centers (which applies only to mandatory funding for those programs), and a special rule for applying the sequestration to student loans. The calculation involves the following steps:

- Step 1. Total spending in the nondefense function must be reduced by \$42.667 billion. The portion of Medicare subject to the two percent limit is estimated to have combined FY 2013 and FY 2014 outlays of \$567.340 billion⁵ from FY 2013 budgetary resources, so a two percentage point reduction would reduce outlays by \$11.347 billion, leaving a reduction of \$31.320 billion to be taken from discretionary appropriations and other direct spending in the nondefense function.
- Step 2. Pursuant to section 251A(6), the remaining reduction of \$31.320 billion is allocated proportionately between discretionary appropriations and other direct spending in the non-defense function. The remaining base (\$605.839 billion) is the sum of the FY 2013 revised discretionary spending limit for the nonsecurity category (\$499.000 billion) and the remaining sequestrable direct spending base (\$106.839 billion).⁶ The latter amount equals OMB's 2013 Budget baseline estimates of total sequestrable direct spending outlays adjusted for legislation enacted since the Budget's transmittal (\$674.179 billion), minus the portion of Medicare subject to the two percent limit (\$567.340 billion) in the nondefense function in FY 2013 and FY 2014 from new direct spending budget authority in FY 2013. The discretionary spending limit accounts for 82.37 percent of the remaining base in the nondefense function, and direct spending accounts for 17.63 percent.

Applying these percentage allocations to the non-Medicare reduction required for programs in the nondefense function yields the reduction for discretionary appropriations (\$25.798 billion) and for remaining direct spending (\$5.522 billion).

- Step 3. The sequestration for the mandatory portions of certain health programs is limited to two percentage points pursuant to sections 251A(8) and 256(e)(2). The portion of these two programs subject to the two percent limit is estimated to have combined FY 2013 and FY 2014 outlays of \$1.344 billion from FY 2013 budgetary resources, so a two percentage point reduction would reduce outlays by \$0.027 billion. Deducting these savings from the non-Medicare direct spending reduction leaves \$5.495 billion to be taken by a uniform percentage reduction of the remaining sequestrable direct spending of \$105.495 billion in the nondefense function.
- Step 4. As required by section 251A(7)(A), dividing the discretionary reduction amount (\$25.798 billion) calculated in step 2 by the sequestrable budgetary resources for discretionary appropriations (\$511.785 billion) in the nondefense function yields an 5.0 percent sequestration rate for budget accounts with non-exempt discretionary appropriations.⁷

⁵ As stated above, the Medicare base is higher than the amount stated in the STA Report due primarily to provisions in ATRA providing for a zero percent update for Medicare payments to physicians under the Sustainable Growth Rate formula for calendar year 2013.

⁶ As stated above, the non-Medicare direct spending base is higher than the amount stated in the STA Report due primarily to a provision in ATRA extending EUC through the end of 2013.

⁷ As stated above, the nondefense discretionary base is higher than the amount stated in the STA Report due primarily to the Hurricane Sandy supplemental.

The remaining reduction (\$5.495 billion) to direct spending is applied as a uniform percentage reduction to the remaining budget accounts with sequestrable direct spending and by increasing student loan fees by the same uniform percentage, as specified in sections 251A(8) and 256(b). Each percentage point increase in the sequestration rate is estimated to result in \$0.016 billion of savings in the direct student loan program. Solving simultaneously for the percentage that would achieve the remaining reduction when applied to both the remaining sequestrable direct spending (\$105.495 billion) and to student loan fees yields a 5.1 percent reduction. This percentage reduction would yield savings of \$0.082 billion in the direct student loan program and \$5.413 billion from the remaining budget accounts with non-exempt direct spending.

OMB REPORT TO THE CONGRESS ON THE JOINT COMMITTEE SEQUESTRATION FOR FISCAL YEAR 2013

Reductions by Budget Account (Appendix)

The Appendix of this report sets forth the percentage and dollar amount of the reductions required for each budget account with sequestrable funding. Specifically, the Appendix shows the sequestrable budgetary resources in each budget account, the percentage reduction required for each sequestrable budgetary resource, and the resulting reduction. There is no requirement that sequestration be applied equally to each type of budgetary resource within a budget account. Section 256(k)(2) of BBEDCA requires that sequestration be applied equally at the program, project, and activity level within each budget account.

Amounts may not sum to total due to rounding.

Mandatory Federal administrative expenses of otherwise exempt accounts are sequestrable pursuant to section 251A(8) and section 256(h) of BBEDCA.

Pursuant to section 255(f) of BBEDCA, the President notified the Congress of his decision to exempt all military personnel accounts from sequester for FY 2013. See the July 31, 2012 letter to the Congress, available at http://www.whitehouse.gov/sites/default/files/omb/legislative/letters/military-personnel-letter-biden.pdf.

Unobligated balances of budget authority carried over from prior fiscal years in defense function 050 accounts are sequestrable.

For intragovernmental payments, sequestration is applied to the paying account. The funds are generally exempt in the receiving account in accordance with section 255(g)(1)(A) of BBEDCA so that the same dollars are not sequestered twice.

^{*} denotes \$500,000 or less.

DEPUTY SECRETARY OF DEPENSE 1010 DEFENSE PENTAGON WASHINGTON, DC 20301-1010

The Honorable Jerry Brown Governor State of California Sacramento, CA 95814

Dear Governor Brown:

As you are likely aware, due to the inability of Congress to reach a deal on balanced deficit reduction to avoid sequestration, the President will be required by law to issue a sequestration order later today canceling approximately \$85 billion in budgetary resources across the Federal Government, of which nearly \$41 billion would come from the Department of Defense (DoD). Another sequestration order could be issued later this month, which could result in a combined reduction for DoD of as much as \$46 billion – roughly a 9 percent reduction in our entire budget except for military personnel funding, which current law permitted the President to exempt.

These cuts must be fully accommodated during the remaining seven months of Fiscal Year (FY) 2013. In addition, the current DoD appropriation (the so-called Continuing: Resolution) does not allocate adequate funding for current operations, which greatly adds to the Department's FY 2013 budgetary problems. Because your State plays an important part in supporting DoD and our national security, we wanted to provide you with the information we currently have available about how these unfortunate budgetary adjustments impact us, and in turn what it means for our installations and contractors in California.

We do not yet have a complete inventory of the required cutbacks, but I can provide some examples: The Navy could be forced to cancel maintenance on 5 ships in San Diego and aircraft maintenance in North Island. The Army would lose \$54 million in base operations funding across California, including cuts at the Presidio of Monterrey and Fort Irwin. Operations at Sierra Army Depot could experience a reduction of as much as \$167 million. The Air Force would suffer a cut of at least \$26 million to their operations in the State, including reductions in facilities projects at Beale, Edwards, Travis, and Vandenberg Air Force Bases. We are still assessing detailed changes and will be able to provide additional information on cubbacks in California as we compile a more complete list.

317

2 20 Mor

In addition, to accommodate all the cuthacks that would be imposed in the absence of further Congressional action, we will be forced to place most of our BoD civilian employees on unpaid furlough status for up to 22 discontinuous workdays. Almost certainly, this unfortunate action has already had serious adverse effects on the morals and productivity of the approximately 64,000 DoD civilian employees who work in California. If we have to impose these furloughs, it will mean roughly a 20 percent pay cut over a nearly six month period for these dedicated civil servants, who in turn will presumably spend less in your economy. We estimate that a 22-workday furlough could result in a payroll reduction of about \$420 million just in California.

Lastly, it should be noted that sequestration will also affect Defense contractors and, therefore, the industrial base in your State.

While these reductions are unfortunate and will be damaging, the Department is doing everything within our power to minimize adverse effects on our national security mission. In addition, we are prepared to work closely with you to manage these reductions to the extent that we can. Should Congress take subsequent actions that change the level or nature of these reductions, we are committed to working closely with you to manage changes guickly.

The Honorable Robert Bentley Governor State of Alabama Montgomery, AL 36130

Dear Governor Bentley:

As you are likely aware, due to the inability of Congress to reach a deal on balanced deficit reduction to avoid sequestration, the President will be required by law to issue a sequestration order later today canceling approximately \$85 billion in budgetary resources across the Federal Government, of which nearly \$41 billion would come from the Department of Defense (DoD). Another sequestration order could be issued later this month, which could result in a combined reduction for DoD of as much as \$46 billion – roughly a 9 percent reduction in our entire budget except for military personnel funding, which current law pennitted the President to exempt.

These cuts must be fully accommodated during the remaining seven months of. Fiscal Year (FY) 2013. In addition, the current DoD appropriation (the so-called Continuing Resolution) does not allocate adequate funding for current operations, which greatly adds to the Department's FY 2013 budgetary problems. Because your State plays an important part in supporting DoD and our national security, we wanted to provide you with the information we currently have available about how these unfortunate budgetary adjustments implicit us, and in turn what it means for our installations and contractors in Alabama.

We do not yet have a complete inventory of the required cutbacks, but I can provide some examples: The Army would lose \$91 million in base operations funding across Alabama, including cuts at Fort Rucker and Fort McClellan. Depot operations at Anniston could experience a reduction of as much as \$710 million. The Air Force would suffer a cut of at least \$8 million to their operations in the State, including reductions in facilities projects at Maxwell Air Force Base. We are still assessing detailed changes and will be able to provide additional information on cutbacks in Alabama as we compile a more complete list.

In addition, to accommodate all the cutbacks that would be imposed in the absence of further Congressional action, we will be forced to place most of our DoD civilian employees on unpaid furlough status for up to 22 discontinuous workdays. Almost certainly, this unfortunate action has already had serious adverse effects on the morale and productivity of the approximately 27,000 DoD civilian employees who work in Alabama. If we have to impose these furloughs, it will mean roughly a 20 percent pay cut over a nearly six month period for these dedicated civil servants, who in turn will presumably spend less in your economy. We estimate that a 22-workday furlough could result in a payroll reduction of about \$184 million just in Alabama.

Lastly, it should be noted that sequestration will also affect Defense contractors and, therefore, the industrial base in your State.

While these reductions are unfortunate and will be damaging, the Department is doing everything within our power to minimize adverse effects on our national security mission. In addition, we are prepared to work closely with you to manage these reductions to the extent that we can. Should Congress take subsequent actions that change the level or nature of these reductions, we are committed to working closely with you to manage changes quickly.

DEPUTY SECRETARY OF DEFENSE 1010-DEFENSE PENTAGON WASHINGTON, DC 20301-1010

MAR 0 1 2013

The Honorable Jay Inslee Governor State of Washington Olympia, WA 98504

Dear Governor Inslee:

As you are likely aware, due to the inability of Congress to reach a deal on balanced deficit reduction to avoid sequestration, the President will be required by law to issue a sequestration order later today canceling approximately \$85 billion in budgetary resources across the Federal Government, of which nearly \$41 billion would come from the Department of Defense (DoD). Another sequestration order could be issued later this month, which could result in a combined reduction for DoD of as much as \$46 billion – roughly a 9 percent reduction in our entire budget except for military personnel funding, which current law permitted the President to exempt.

These cuts must be fully accommodated during the remaining seven months of Fiscal Year (FY) 2013. In addition, the current DoD appropriation (the so-called Continuing Resolution) does not allocate adequate funding for current operations, which greatly adds to the Department's FY 2013 budgetary problems. Because your State plays an important part in supporting DoD and our national security, we wanted to provide you with the information we currently have available about how these unfortunate budgetary adjustments impact us, and in turn what it means for our installations and contractors in the State of Washington.

We do not yet have a complete inventory of the required cutbacks, but I can provide some examples: The Army would lose \$124 million in base operations funding across Washington, including cuts at Joint Base Lewis-McCord. The Air Force would suffer a cut of at least \$3 million, including reductions in facilities projects at Fairchild Air Force Base. The Navy would face cancellation of aircraft depot maintenance at Whidbey Island and a demolition project in Bremerton. We are still assessing detailed changes and will be able to provide additional information on cutbacks in Washington as we compile a more complete list.

In addition, to accommodate all the cutbacks that would be imposed in the absence of further Congressional action, we will be forced to place most of our DoD civilian employees on unpaid furlough status for up to 22 discontinuous workdays. Almost certainly, this unfortunate action has already had serious adverse effects on the morale and productivity of the approximately 29,000 DoD civilian employees who work in Washington. If we have to impose these furloughs, it will mean roughly a 20 percent pay out over a nearly six month period for these dedicated civil servants, who in turn will presumably spend less in your economy. We estimate that a 22-workday furlough could result in a payroll reduction of about \$175 million just in Washington State.

Lastly, it should be noted that sequestration will also affect Defense contractors and, therefore, the industrial base in your State.

While these reductions are unfortunate and will be damaging, the Department is doing everything within our power to minimize adverse effects on our national security mission. In addition, we are prepared to work closely with you to manage these reductions to the extent that we can. DEPUTY SECRETARY OF DEFENSE 1010 DEFENSE PENTAGON WASHINGTON, DC 20301-1010

The Honorable Rick Perry Governor State of Texas Austin, TX 78701

Dear Governor Perry:

As you are likely aware, due to the inability of Congress to reach a deal on balanced deficit reduction to avoid sequestration, the President will be required by law to issue a sequestration order later today canceling approximately \$85 billion in budgetary resources across the Federal Government, of which nearly \$41 billion would come from the Department of Defense (DoD). Another sequestration order could be issued later this month, which could result in a combined reduction for DoD of as much as \$46 billion – roughly a 9 percent reduction in our entire budget except for military personnel funding, which current law permitted the President to exempt.

These cuts must be fully accommodated during the remaining seven months of Fiscal Year (FY) 2013. In addition, the current DoD appropriation (the so-called Continuing Resolution) does not allocate adequate funding for current operations, which greatly adds to the Department's FY 2013 budgetary problems. Because your State plays an important part in supporting DoD and our national security, we wanted to provide you with the information we currently have available about how these unfortunate budgetary adjustments impact us, and in turn what it means for our installations and contractors in Texas.

We do not yet have a complete inventory of the required cutbacks, but I can provide some examples: The Army would lose \$233 million in base operations funding across Texas, including cuts at Fort Bliss, Fort Hood, and Fort Sam Houston. Depot operations at Red River and Corpus Christi could experience a reduction of as much as \$1.4 billion. The Air Force would suffer a cut of at least \$92 million, including reductions in facilities projects at Lackland, Randolph, and Sheppard Air Force Bases. The Navy and Marine Corps would face reduced procurement of the Joint Strike Fighter. We are still assessing detailed changes and will be asie to provide additional information on cutbacks in Texas as we compile a more complete list.

In addition, to accommodate all the cutbacks that would be imposed in the absence of further Congressional action, we will be forced to place most of our DoD civilian employees on unpaid furlough status for up to 22 discontinuous workdays. Almost certainly, this unfortunate action has already had serious adverse offects on the morale and productivity of the approximately 52,000 DoD civilian employees who work in Texas. If we have to impose these furloughs, it will mean roughly a 20 percent pay cut over a nearly six month period for these dedicated civil servants, who in turn will presumably spend less in your economy. We estimate that a 22-workday furlough could result in a payroll reduction of about \$291 million just in Texas.

Lastly, it should be noted that sequestration will also affect Defense contractors and, therefore, the industrial base in your State.

While these reductions are unfortunate and will be damaging, the Department is doing everything within our power to minimize adverse effects on our national security mission. In addition, we are prepared to work closely with you to manage these reductions to the extent that we can. Should Congress take subsequent actions that change the level or nature of these reductions, we are committed to working closely with you to manage changes quickly.

We do not yet have a complete inventory of the required cutbacks, but I can provide some examples: The Army would lose \$95 million in base operations funding across Maryland, including cuts at Fort Meade and Aberdeen Proving Ground. The Air Force would suffer a cut of at least \$10 million to their operations in the State, including reductions in facilities projects at Andrews Air Force Base. The Navy would face the loss of \$9 million in funding for a demolition project at Patuxent River Naval Air Station. We are still assessing detailed changes and will be able to provide additional information on cutbacks in Maryland as we complie a more complete list.

In addition, to accommodate all the cutbacks that would be imposed in the absence of further Congressional action, we will be forced to place most of our DoD civilian employees on unpaid furlough status for up to 22 discontinuous workdays. Almost certainly, this unfortunate action has already had serious adverse effects on the morale and productivity of the approximately 46,000 DoD civilian employees who work in Maryland. If we have to impose these furloughs, it will mean roughly a 20 percent pay cut over a nearly six month period for these dedicated civil servants, who in turn will presumably spend less in your economy. We estimate that a 22-workday furlough could result in a payroll reduction of about \$359 million just in Maryland.

Lastly, it should be noted that sequestration will also affect Defense contractors and, therefore, the industrial base in your State.

While these reductions are infortunate and will be damaging, the Department is doing everything within our power to minimize adverse effects on our national security mission.
